"Lost Names is not a poem of hate, but a poem of love. . . . It is elegaic. It rises to moments of considerable dramatic power, but its finest moments, as when we see the cemeteries full of Koreans apologizing to their ancestors for having lost their names, are lyrical."

in which the boundaries of fantasy and reality are disturbingly melded. By the author of *The Black Angel*. 75,000 first printing.

**NEW YORK TIMES BESTSELLER** • From the bestselling author of *Before We Were Yours* comes a new historical novel: the dramatic story of three young women searching for family amid the destruction of the post–Civil War South, and of a modern-day teacher who learns of their story and its vital connection to her students’ lives. Bestselling author Lisa Wingate brings to life startling stories from actual “Lost Friends” advertisements that appeared in Southern newspapers after the Civil War, as newly freed slaves desperately searched for loved ones who had been sold away. *Louisiana, 1875*: In the tumultuous era of Reconstruction, three young women set off as unwilling companions on a perilous quest: Hannie, a freed slave; Lavinia, the pampered heir to a now destitute plantation; and Juneau Jane, Lavinia’s Creole half sister. Each carries private wounds and powerful secrets as they head for Texas, following roads rife with vigilantes and soldiers still fighting a war lost a decade before. For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery’s end, the pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? Beyond the swamps lie the limitless frontiers of Texas and, improbably, hope. *Louisiana, 1987*: For first-year teacher Benedetta Silva, a subsidized job at a poor rural school seems like the ticket to canceling her hefty student debt—until she lands in a tiny, out-of-step Mississippi River town. Augustine, Louisiana, is suspicious of new ideas and new people, and Benny can scarcely comprehend the lives of her poverty-stricken students. But amid the gnarled live oaks and run-down plantation homes lie the century-old history of three young women, a long-ago journey, and a hidden book that could change everything.

returns desk one morning when her eyes lock on to a photograph in a newspaper nearby. She freezes; it's an image of a book she hasn't seen in sixty-five years--a book she recognizes as the Book of Lost Names. The accompanying article describes the looting of libraries across Europe by the Nazis during World War II--an experience Eva remembers all too well. As a graduate student in 1942, Eva was forced to flee Paris after the arrest of her father, a Polish Jew. Finding refuge in a small mountain town in the Free Zone, she begins forging identity documents for Jewish children fleeing to neutral Switzerland. But erasing people comes with a price, and along with a mysterious, handsome forger named Rémy, Eva decides she must find a way to preserve the real names of the children who are too young to remember who they really are. The records they keep in the Book of Last Names will become even more vital when the Resistance cell they work with is betrayed and Rémy disappears. As the Germans close in, Eva records a last, vital message in the book. Decades later, does she have the strength to seek out its answer--and help reunite those lost during the war?

From legendary playwright August Wilson comes the powerful, stunning dramatic bestseller that won him critical acclaim, including the Tony Award for Best Play and the Pulitzer Prize. Troy Maxson is a strong man, a hard man. He has had to be to survive. Troy Maxson has gone through life in an America where to be proud and black is to face pressures that could crush a man, body and soul. But the 1950s are yielding to the new spirit of liberation in the 1960s, a spirit that is changing the world Troy Maxson has learned to deal with the only way he can, a spirit that is making him a stranger, angry and afraid, in a world he never knew and to a wife and son he understands less and less. This is a modern classic, a book that deals with the impossibly difficult themes of race in America, set during the Civil Rights Movement of the 1950s and 60s. Now an Academy Award-winning film directed by and starring Denzel Washington, along with Academy Award and Golden Globe

Palestinian Amal Rifa'i and Israeli Odelia Ainbinder are two teenage girls who live in the same city, yet worlds apart. They met on a student exchange program to Switzerland. Weeks after they returned, the latest, violent Intifada broke out in the fall of 2000. But two years later, Middle East correspondent Sylke Tempel encouraged Amal and Odelia to develop their friendship by facilitating an exchange of their deepest feelings through letters. In their letters, Amal and Odelia discuss the Intifada, their families, traditions, suicide bombers, and military service. They write frankly of their anger, frustrations, and fear, but also of their hopes and dreams for a brighter future. Together, Amal and Odelia give us a renewed sense of hope for peace in the Middle East, in *We Just Want To Live Here*.
