Peter Weiss (1916-1982) was virtually unknown in the mid-1960s when Peter Brook made *Marat/Sade* into a film. The weaving of time, space, plot, real-and-imagined characters, sexual liberation, and surrealist imagery made *Marat/Sade* a sensation. Little did audiences realize that this counterculture classic was written by a German Jew. At that time, Weiss was also at work on a play about Auschwitz: *The Investigation*. These two dramas are in this volume along with *The Shadow of the Body of the Coachman*. All are cogently introduced and edited by Robert Cohen.

Total theatre is the expression critics have used to describe this unique theatrical event which is designed for production on a nearly bare stage by a large and flexible cast. The Marquis de Sade, when an inmate at the Asylum of Charenton, staged plays that were performed by fellow inmates. With this point of departure, Peter Weiss has created one of the most powerful and exciting plays of the century.

This classic book is on the life and ideas of the Marquis De Sade, the notorious sexual libertine and controversial writer, and will make an excellent addition to the bookshelf of anyone with an interest in the subject. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
