Monster in His Eyes (Monster in His Eyes #1) (55) Slinging my bag on my back, I head from the classroom, feeling like a weight is pressing upon me. I stroll outside and glance up, pausing when I see the Mercedes still parked there by the curb. A quick look around tells me Naz isn't anywhere in sight, so I pull out my phone and call him, getting his voicemail.

Monster in His Eyes (Monster in His Eyes 1) - Page 16/82. I'm walking with my head down as I turn the corner to the parking garage, expecting to see the Mercedes, but pause when it's not there. Instead, leaning against the painted brick wall in front of me, stands Naz, hands in his pockets, stance relaxed. I blink a few times, caught off guard.

But he returns after a moment, slipping back into the bedroom, and haphazardly tosses his phone back down on his pile of clothes. The bed shifts as he climbs in beside me. His hands seek me out this time, wrapping around me, pulling me back against him. Once again, his strength astounds me as he tugs me into his arms like I'm made of nothing.

His expression shifts, all amusement dying away at my question. His jaw clenches, his eyes narrowing, his nostrils flaring as he regards me with an anger that makes my blood run cold. "I did nothing to you." "I, uh... I didn't mean..." Pulling my legs up, I try to fold into myself, slinking away from his tone. "I didn't know."

Ignazio Vitale is not a good man. I suspect it, the first time I see him, sense the air of danger that surrounds the man. He has a way of commanding attention, of taking control, of knowing what I'm thinking before I even do. It's alarming and alluring. It's dark and deadly. It's everything I've ever wanted but the last thing I truly need. Obsession. It doesn't take him long to draw me into his web, charming me into his bed and trapping me in his life, a life I know nothing about until it's too late. He has secrets, secrets I can't fathom, secrets that make it so I can't walk away. I see it sometimes in his

You never know when somebody will hold you to your word ... Naz has enough darkness inside of him to rid the world of every stitch of light. But there's one he could never harm: Karissa. He taunts her with his touch, gets a thrill out of torturing her soul. But he's not the most dangerous one out there ...

mischievous, loss, and monsters both real and imagined.

Once upon a time, there was a guy who got so fed up with life that he resorted to murder and mayhem just to feel alive. Lorenzo Gambini is bored. So f*cking bored. Most people either annoy him or avoid him, afraid to face him. Figuratively. Literally. With his face partially disfigured, scarred, he looks every bit the monster the stories make him out to be: the notorious Scar. They say he's a sociopath. Maybe he's a psychopath. Whatever path he's on, people tend to stay far away from it. Until one day, a young woman bumps right into him--a woman just as fed up with life, but for much different reasons. With a Scarlet Letter inked on her wrist and secrets buried deep in her soul, Morgan Myers is running from something... or maybe somebody. Lorenzo isn't quite sure. You can bet your ass he's going to figure it out, though.

It's right there in the Book of Job: "Man is born unto trouble as the sparks fly upward." Suffering is an inescapable part of the human condition--which leads to a question that has proved just as inescapable throughout the centuries: Why? Why do we suffer? Why do people die young? Is there any point to our pain, physical or emotional? Do horrors like hurricanes have meaning? In Seven Ways of

Looking at Pointless Suffering, Scott Samuelson tackles that hardest question of all. To do so, he travels through the history of philosophy and religion, but he also attends closely to the real world we live in. While always taking the question of suffering seriously, Samuelson is just as likely to draw lessons from Bugs Bunny as from Confucius, from his time teaching philosophy to prisoners as from Hannah Arendt's attempts to come to terms with the Holocaust. He guides us through the arguments people have offered to answer this fundamental question, explores the many ways that we have tried to minimize or eliminate suffering, and examines people's attempts to find ways to live with pointless suffering. Ultimately, Samuelson shows, to be fully human means to acknowledge a mysterious paradox: we must simultaneously accept suffering and oppose it. And understanding that is itself a step towards acceptance. Wholly accessible, and thoroughly thought-provoking, Seven Ways of Looking at Pointless Suffering is a masterpiece of philosophy, returning the field to its roots—helping us see new ways to understand, explain, and live in our world, fully alive to both its light and its darkness.

Seven stunning stories of speculative fiction by the author of *A Boy and His Dog*. In a post-apocalyptic world, four men and one woman are all that remain of the human race, brought to near extinction by an artificial intelligence. Programmed to wage war on behalf of its creators, the AI became self-aware and turned against humanity. The five survivors are prisoners, kept alive and subjected to brutal torture by the hateful and sadistic machine in an endless cycle of violence. This story and six more groundbreaking and inventive tales that probe the depths of mortal experience prove why Grand Master of Science Fiction Harlan Ellison has earned the many accolades to his credit and remains one of the most original voices in American literature. *I Have No Mouth and I Must Scream* also includes "Big Sam Was My Friend," "Eyes of Dust," "World of the Myth," "Lonelyache," Hugo Award finalist "Delusion for a Dragon Slayer," and Hugo and Nebula Award finalist "Pretty Maggie Moneyeyes."
