The 2-volume set LNCS 10850 and 10851 constitutes the refereed proceedings of the 5th International Conference on Augmented Reality, Virtual Reality, and Computer Graphics, AVR 2018, held in Otranto, Italy, in June 2018. The 67 full papers and 26 short papers presented were carefully reviewed and selected from numerous submissions. The papers are organized in the following topical sections: virtual reality; augmented and mixed reality; computer graphics; human-computer interaction; applications of VR/AR in medicine; and applications of VR/AR in cultural heritage; and applications of VR/AR in industry.

Virtual and Augmented Reality have existed for a long time but were stuck to the research world or to some large manufacturing companies. With the appearance of low-cost devices, it is expected a

Tom and his friends expose the truth when a friendly rivalry becomes a cutthroat competition in this sixth novel in Tom Swift Inventors ' Academy—perfect for fans of The Hardy Boys or Alex Rider. To increase interest in Swift Academy, the school ' s new PR rep announces the Invention Olympics, an event open to the public that will feature the students ' varied creative talents. Everyone ' s excited to show off their latest ideas. But when the rep invites a production company to film a new reality show about the academy, the plan is met with a lot less enthusiasm. Tom and his friends have mixed reactions to the new attention. Some of them are loving the spotlight, while others want nothing to do with the show, and it ' s causing cracks in the group ' s rock-solid bonds. But Tom quickly realizes that they aren ' t the only ones at school on edge. The reality show producers seem to be pitting students against one
