Though most sales gurus emphasize the closing process, Klymshyn says that closing is easy . . . but setting things up the right way is hard. He offers practical secrets such as how to open the conversation and ensure it travels the right direction.

Sun Tzu's The Art of War is history's best book on strategy. This book adapts all its principles directly to the challenges of selling. It contains the complete text of Sun Tzu's work and adapts each line to the challenges of winning and keeping customers. It also includes a free download of an audio book MP3.

Our goal in this book is to dramatically lift your sales game. Two reliable studies (Harvard and Gallup), found that 4% of the sales people in the U.S. sell 94% of the goods and services. Other, less dire studies indicate that 15% of all sales people are doing 70% of the selling. Either way you look at it, most sales people are not as good as you are. And there is one major reason.... Lack of planning! This book tells you how and what to plan. It provides key points on upping your game with tips to extend your longevity as a sales pro. Most sales people fail to understand that selling is a long-term investment in understanding your customers' needs and investing time in building strong customer relationships. You have to demonstrate that your customers are

buying more than your product; they are buying your expertise and commitment to help them solve problems. Read on to learn how to become a trusted business advisor to your clients through some basic sales planning strategies.

Market pitchers routinely transform a patch of bare ground into a sea of eager purchasers using little more than their 'gift of the gab' and some homespun 'psychology' to convince passers-by to stop and buy their goods. Employing some of the world's most successful selling techniques, in one of the oldest and most difficult of all marketing situations, their rhetoric and social skills have to equal that employed by the most accomplished salespersons, politicians and professional persuaders. Between 1984 and 1994 sociologists Clark and Pinch recorded over 75 pitching routines on street markets and other sales sites throughout the UK, mainland Europe and the United States. Using examples of pitchers attracting a crowd, describing and demonstrating their goods, building bargains, cajoling the unconvinced to make a purchase and coping with problem customers, the authors reveal, for the very first time, the reasons for these traders' extraordinary success-both on and away from the markets. Comparing their findings with more orthodox sales situations-direct

response TV home shopping and infomercials, as well as other forms of grass-roots selling (fly pitching, the mock auction sales con, street entertaining and urban 'hustling')-the authors highlight many important lessons that have relevance for everyone involved in all types of marketing, advertising and persuasion. In this revised, updated and extended edition the authors also reveal why, today, pitching on markets appears to have become a dying art. Original, authoritative and highly readable, *The Hard Sell* is an essential and often hilarious guide for anyone who wants to understand how real-life selling really works.

A renowned name in the subject area, *International Financial Management* is well received by its readers because of its comprehensive coverage of various topics. The book talks about a wide range of issues from global financial markets to regulatory aspects in the Indian context. It discusses, in detail, several products for managing exchange rate and interest rate risk. It puts forth up-to-date information about present financial trends and provides insights about the present global monetary system, Indian foreign exchange and interest rate markets, and so on. Keeping up with its preceding editions, the eighth edition continues to have case studies which illustrate substantive practical applications of concepts and techniques discussed in the

positive connections and structuring relevant and successful sales. Providing a foundation in the psychology of selling and neuro-linguistic programming, the book looks beyond traditional 'hard sell' methods and promotes a refreshed and positive attitude to the subject. It will empower your ability to monetise ideas, believe in your products or campaign for a better world.

OVERVIEWWARNING - Read this book only if you want to be successful at sales.No matter what you have heard or read in books and magazines sales professionals are trained just like lawyers and doctors and not 'born'. Sales professionals are skilled individuals who understand and practise a range of skills like any other professional.'Successful Selling'outlines how skills can be easily achieved and put into practise. Great sales people share a range of similiar habits and this can be understood and adopted to make your sales capability grow.If you are new to sales or looking for a refresher on your skills this book will give you the guidelines to be successful whilst noting the habits that many unsuccessful salespeople gain that stop them from reaching their potential.'A Guide to Successful Selling' is about selling and not about 'sales'.The book offers the skills to understand how to be successful in direct sales as well as selling into distribution channels. The book reviews the information on how to hone your skills as

well as the need for a professional and logical approach to sales from relationship management, sales psychology, the 90/10 principle as well as presentation and successful habits versus unsuccessful behaviour. 'Successful selling' offers case examples and easy-to-read lessons not normally found in sales books such as understanding the role of body language and defeating 'call reluctance' as well as defining the 'dominant' factors in sales success, P2P, B2B and B2C sales process. This book covers a range of topics which will be of interest to any novice seller or more seasoned professionals who are looking to increase their overall sales skills and gain greater income. Areas such as the '8 Pillar Approach' to sales and how to be successful in prospecting (cold or hot), demand generation, phone skills and creating a value proposition are all covered with tips on each area to assist in improvement. This book is written by a highly successful sales professional for those wanting to be better at what they do and to gain a greater income and sales satisfaction. Successful selling is as much a habit as a skill and 'Sales Success' will guide you through the skills and lessons that will allow you to become a 'high earner' and habits that will assist you in the following years.
