Her follow-through throughout the process is 2nd to none throughout the whole interview process; it is a skill that Betty has turned into an art form. Tomas Lepp, Strategic Sales Director (FL)

When you add powerful Neuro-Lingistic Programming commands into your website design you will make your customer's subconscious SCREAM "Buy Buy Buy!" I know many of you reading this may already be familiar with the persuasive power of Neuro-Lingistic Programming or NLP for short. You know by intelligently and elegantly using NLP techniques you can quickly and easily build rapport and powerful long-term relationships in the offline world. However, building rapport with an absolute stranger online and then persuading them to buy something from your website is a whole different story. That is why I wrote this book.

A self-help manual shows readers how to use the techniques of neuro-linguistic programming to free themselves from self-destructive habits, release their creativity, and draw on their mental resources to achieve their goals. 10,000 first printing.

Friends or foes? Do you want to miss out on a good business opportunity? And what if it was the love of your life? Do you wish to know where their true intentions may really be hidden? They may not be telling you everything... The cognitive science is clear: non-verbal communication weighs considerably on our relationships. It often represents more than 90% of our exchanges. The MAJORITY of our communication is UNCONSCIOUS, INVOLUNTARY and UNAVOIDABLE! A person's demeanor, gestures, and voice can tell you a lot about them, provided that you know how to decrypt the signs. After How to Detect Lies, Eric Goulard presents new keys to help decode the behavior of others in business situations and in private life. Because actions speak louder than words, it is necessary to listen beyond just what the person wants to say. The analysis of all non-verbal communication will help you keep one step ahead of others. You will then be able to anticipate people's reactions and optimize your communication. Quote: 'A delight to read!', Joe Navarro, Former FBI special agent

If you have noticed that someone close to you is trying to change your way of thinking to achieve their goals, you are most likely right.... Mental manipulation exists and is used a lot more than people think. Before delving into the subject, I had many doubts and perplexities and above all I trusted certain legends that circulate on the subject of '' manipulation ''. I was asking myself the wrong question, so I couldn't understand how it happened. People around me always managed to convince me to do what they wanted. From simple things to demanding big things like: choosing to get married.. for example. People around me always managed to plagiarize me in some way and I eventually found myself doing things that I otherwise would not have done. The wrong question I was asking myself was: How do they do it? I have always felt targeted, I have thought several times that I am not in control of my life. During the toxic relationship that I was living I was constantly in a reality not mine, but in the reality that my partner had created for me. I felt tight and I couldn't take it anymore. At work my colleagues always managed to make me do some stupid thing, I was doing what I wanted, but in a reality they had only somehow managed to leverage my emotions to get the reaction they wanted. The worst thing is that at the moment I didn't notice it, at the moment they seemed like the right things to do, they convinced me. I always realized later that if they didn't manipulate my intentions with phrases and attitude I would make other decisions. The decisions I really wanted to make. I began to study mental manipulation in all its facets. I wanted at all costs to answer my question: How do they do it? What I discovered after a short time was that they didn't do it on purpose. They didn't know they could manipulate me and that is why the question I was asking to myself was wrong. What really helped me was learning the techniques that are used, even unconsciously, to recognize them when they are used. Recognizing instantly every attempt to change my mood, it was easy from then on to defend myself and make the decisions I really wanted to make without being persuaded. In this three-book collection you will learn: How to recognize and defend against attempts at manipulation How to use the right technique with those who try to change your mood in order to cancel any chance of success How to achieve what you really want to achieve in your life with the help of NLP Many techniques that are revealed in this collection can be used in defense, however in the wrong hands they can be dangerous. If you really want to stop to the stalemate you are probably in and take control of your thoughts, what are you waiting for? BUY this bundle NOW and you will be in possession of the information that helped me to unlock my situation!

Apocalypse Secrets Revealed: Baha'i Interpretation of the Book of Revelation with 60 illustrations is a fresh provocative Parallel Interpretation of the Apocalypse or Book of Revelation. The author, John Able MD, is a retired intensive-care physician. He uses Baha'i Writings that interpret parts of the Apocalypse to decode it as a global tale of three millennia now passing through four centuries of the events of religious end-times. It is a tale of the struggles of seven Empires and seven Faiths, of their materialism and militarism, and the resulting mess into which the world is now crescendoing furiously and fast. These events center on the apocalyptic war waging between the Revelation beast of Muslim Militarism that drives the Middle East and the Revelation Babylon of Malignant Materialism that drives the Christian West. The fall of both is inevitable, with economic crises spiraling the globe into a paralytic depression, now triggered by the COVID-19 pandemic and its aftermath. The good news is that spiritual economics will arise and our painful end times into wonderful beginning times. Apocalypse Secrets Revealed is a profound and astonishing work in biblical exegesis-a real tour de force as a strikingly original, scholarly, remarkably holistic, comprehensive, and rationally consistent interpretation of the Book of Revelation. Able intelligently probes and penetrates many of the great religious mysteries, and cogently argues that Revelation extends far beyond its strictly Middle East Christic origin. It transcends religious dogma, bridges religious faiths, and explains nineteen hundred years of troubling events in Christianity and Islam with amazing clarity and prescience. It is amazingly detailed and thorough. The author's stylish rhetoric is colorful and alive and his book beautifully crafted and researched, making for an engaging, enlightening, and thought-provoking read. In the end, a scholarly Translation Section decodes original Greek and Hebrew sources. Its strikingly lively translation sticks to the intention of the Greek original. It provides an authoritative base for his distinctive Parallel Interpretation. For anyone striving to penetrate the hidden secrets of the Apocalypse, Apocalypse Secrets Revealed is a must reading. This exceedingly interesting book will influence many future works about the subject and become a template of understanding and peace for all. After they read it, people who are interested in prophecy will never look at the Book of Revelation the same again. Visit www.apocalypse.info for more.
