This book examines the relationships between the Nordic social democratic welfare system ( ' The Nordic Model ' ) and physical culture, across the domains of sport, education, and public space. Presenting important new empirical research, it helps us to understand how the paradoxical blend of social democracy and

liberalism in the Nordic countries influences physical culture, which in turn contributes to a quality of life that ranks highest in the world. Drawing on perspectives from sociology, cultural studies, history, education, political science, outdoor studies, and urban studies, the book explores topics such as dance education for sport students, doping in cross-country skiing, outdoor education, the active body, and the ideology of public parks. It includes research material from across the region, including Norway, Sweden, Iceland, Finland, and Denmark. This is fascinating reading for anyone with an interest in physical culture, sport studies, leisure studies, or outdoor studies, as well as sociologists or political scientists with an interest in Nordic politics, culture, and society.

Now revised and updated to incorporate numerous new materials, this is the major source for researching American Christian activity in China, especially that of missions and missionaries. It provides a thorough introduction and guide to primary and secondary sources on Christian enterprises and individuals in China that are preserved in hundreds of libraries, archives, historical societies, headquarters of religious orders, and other repositories in the United States. It includes data from the beginnings of Christianity in China in the early eighth century through 1952, when American missionary activity in China virtually ceased. For this new edition, the institutional base has shifted from the Princeton Theological Seminary (Protestant) to the Ricci Institute for Chinese-Western Cultural Relations at the University of San Francisco (Jesuit),
