Aristophanes, the celebrated Greek comic poet, is famous for his plays on contemporary themes, in which he exercises fierce political satire. Ancient political comedy made ample use of comically significant proper names much as is the case in modern satire. Comic names used by Aristophanes for his satirical targets (public figures, everyday Athenians) provide the main subject of this book, which addresses questions such as why particular names are chosen

(or invented), and how they relate to the plays characters and themes."

In the 1950s and 1960s, luxury car buyers, from government ministers to captains of industry, almost invariably bought British. These were stately, dignified, and grand vehicles, with many featuring leather interiors and wood trim. Unfortunately, that market has now largely disappeared and, with it, so have the car-makers themselves. This new book covers cars in the over-3-litre class from the biggest names in British luxury motoring including Alvis, Daimler, and Lagonda, and high-end models from Austin, Rover, and Jaguar. It examines the features and characteristics of these classic cars, as well as explaining why they fell from prominence in the 1970s. Replete with beautiful photography
