Restituto, examining Michael Servetus's life and times
and the politics of the first information during the
sixteenth century. The Christianismi Restituto, a
heretical work of biblical scholarship, written in 1553,
aimed to refute the orthodox Christianity that Michael
Servetus' old colleague, John Calvin, supported. After
the book spread through the ranks of Protestant
hierarchy, Servetus was tried and agonizingly burned
at the stake, the last known copy of the Restitutio
chained to his leg. Servetus's execution marked a
turning point in the quest for freedom of expression,
due largely to the development of the printing press
and the proliferation of books in Renaissance Europe.
Three copies of the Restitutio managed to survive the

burning, despite every effort on the part of his
enemies to destroy them. As a result, the book
became almost a surrogate for its author, going into
hiding and relying on covert distribution until it could
be read freely, centuries later. Lawrence and Nancy
Goldstone follow the clandestine journey of the three
copies through the subsequent centuries and explore
its author's legacy and influence over the thinkers
that shared his spirit and genius, such as Leibniz,
Voltaire, Rousseau, Jefferson, Clarence Dorrow, and
William Osler.

in an engagement with Dornier Do 17s, Geoffrey Page
was shot down into the English Channel, suffering
severe burns. He spent much of the next two years in
hospitals, undergoing plastic surgery, but recovered
sufficiently to pursue an extremely distinguished war
and postwar career. This eloquently written and
critically acclaimed autobiography tells of his wartime
exploits in the air and on the ground. He was a
founding member of The Guinea Pig Club—formed by
badly burnt aircrew—and this is a fascinating account
of the Club, of the courage and bravery of “The Few,”

"The last thing I remember is the girls playing with my hair. It is curled on my forehead and they stroke it gently while I fall asleep. I wake up suddenly, my body wracked with hot piercing pain. I'm in a car that's hurtling through the night, and all around me is darkness. I'm lying across someone's knees. The pain intensifies and shoots hot, raking talons down my body as I hear hideous screaming. It takes a moment before I realize I'm the one screaming, then I drop back into the deep depths of blackness." Dave

How do you go on after you've lost everything? True
stories of surviving the Colorado wildfires and finding

survivors were left trying to find a way forward against devastating loss. The aftermath of that destruction would span many years, and its effects are still felt today. In Phoenix Rising, twenty women share their stories of fire, the terror they felt as flames engulfed their communities, and the dark desperation that followed. And how—in the ensuing weeks and months—they worked to recreate a life from the ashes. Their tales of fear and bravery, of deep compassion and heart-rending grief, offer an uplifting chronicle of human courage and resilience.

Servetus was a unique and central figure in European history. When he was burned alive in Geneva on October 27, 1553, all unbound copies of his major work went up in smoke with him. Today, only three surviving copies of the original publication are known. Except for a fragment of a few pages concerning the famous discovery of the pulmonary circulation, the book was never translated into English. Fire Base Illingworth is an epic, never-before-told true story of a North Vietnamese Army attack and how the men of this nearly overrun Fire Base survived. In the early morning hours of April 1, 1970, more than four hundred North Vietnamese soldiers charged out into the open and tried to over-run FSB Illingworth. The battle went on, mostly in the dark, for hours. Exposed ammunition canisters were hit and blew up, causing a thunderous explosion inside the FSB that left dust so thick it jammed the hand-held weapons of the GIs. Much of the combat was hand-to-hand. In all, twenty-four Americans lost their lives and another fifty-four

were wounded. Nearly one hundred enemy bodies
were recovered. It was one of the most vicious small
unit firefights in the history of U.S. forces in Vietnam.
As in his acclaimed book Blackhorse Riders, a finalist
for the prestigious Colby Award, Phil Keith uncovers a
harrowing true story of bravery and sacrifice by the
men who fought valiantly to hold FSB Illingworth—a
tale never-before-told and one that will not be soon
forgotten.

This “outstanding history” of the 1911 disaster that

relations “is social history at its best” (Kevin Baker,

1911. As the workday was about to end, a fire broke out in the Triangle shirtwaist factory of Greenwich Village. Within minutes it consumed the building's upper three stories. Firemen were powerless to rescue those trapped inside: their ladders simply weren't tall enough. People on the street watched in horror as desperate workers jumped to their deaths. Triangle is both a harrowing chronicle of the Triangle shirtwaist fire and a vibrant portrait of an era. It follows the waves of Jewish and Italian immigration that supplied New York City's garment factories with cheap, mostly female labor. It portrays the Dickensian work conditions that led to a massive waist-worker's strike in which an unlikely coalition of socialists,

socialites, and suffragettes took on bosses, police,
and magistrates. And it shows how a public outcry
over the fire led to an unprecedented alliance
between labor reformers and Tammany Hall
politicians. With a memorable cast of characters,
including J.P. Morgan's blue-blooded activist daughter
Anne, and political king maker Charles F. Murphy, as
well as the many workers who lost their lives in the
fire, Triangle presents a dramatic account of early
20th century New York and the events that gave rise
to urban liberalism. A New York Times Book Review
