This set covers all aspects of international hip hop as expressed through music, art, fashion, dance, and political activity. • Includes contributors from a range of fields, including musicology, theater, and anthropology, giving readers a broad perspective on the genre • Covers hip hop in virtually every country, including countries with severely restricted hip hop activity • Contains comprehensive lists of record labels, films, editor-recommended videos, and more • Shows the influence hip hop has on many aspects of life, such as politics, fashion, dance, and art

The Index of American Periodical Verse is an important work for contemporary poetry research and is an objective measure of poetry that includes poets from the United States, Canada, and the Caribbean as well as other lands, cultures, and times. It reveals trends in the output of particular poets and the cultural influences they represent. The publications indexed cover a broad cross-section of poetry, literary, scholarly, popular, general, and "little" magazines, journals, and reviews.

Original experiences and perspectives of young feminists.

Traces the author's year-long attempt to earn a competitor's spot at the PGA Tour Qualifying School, an endeavor marked by such challenges as crash diets, sports psychiatrists, and obscure tournaments. 30,000 first printing.

The first two volumes that chronicled the unique art and design of Roger Dean were met with huge critical and popular success. Views (1975) went straight to number one on the bestseller list and went on to sell more than a million copies, and its successor Magnetic Storm (1984) enjoyed similar success. Dragon's Dream makes up the Roger Dean trilogy. A more ambitious work than its predecessors, it celebrates Roger's work from the last twenty years. This encompasses a panoramic dreamscape of original paintings; album covers, logos, and stage designs for bands including living legends Yes as they celebrate their 40th anniversary; virtual worlds, characters, and logos for computer games companies such as Psynosis, Bullet-Proof Software, and Tetris; and concepts and designs for both opera and animated movies. Finally, there is a review of Roger's lifelong and prophetic passion for eco-friendly architecture, featuring the visionary prototypes with which he has addressed the topical issue of sustainable living in the twenty-first century. The first published collection of Roger Dean's work in more than twenty years, Dragon's Dream celebrates the enduring vision of one of the most significant artists of our time.

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

"Generous and entertaining" - Publishers Weekly (starred review) Finalist for the PEN/Diamonstein-Spielvogel Award for the Art of the Essay from the #1 New York Times bestselling author and columnist comes a "fiercely funny, powerfully smart, and remarkably brave" (Cheryl Strayed) collection of heartwarming personal essays "as wonderful as her fiction" (Mindy Kaling) that "will enthusiastically reach out to readers and swiftly draw them close" (Publishers Weekly , starred review). Jennifer Weiner is many things: a bestselling author, a Twitter phenomenon, and an "unlikely feminist enforcer" (The New Yorker ). She's also a mom, a daughter, and a sister, a clumsy yogini, and a reality-TV devotee. In this "unflinching look at her own experiences" (Entertainment Weekly ), Jennifer fashions tales of modern-day womanhood as uproariously funny and moving as the best of Nora Ephron and Tina Fey. No subject is off-limits in these intimate and honest essays: sex, weight, envy, money, her mother's coming out of the closet, her estranged father's death. From lonely adolescence to hearing her six-year-old daughter say the F word-fat for the first time, Jen dives into the heart of female experience, with the wit and candor that have endeared her to fans all over the world.

World Bank Technical Paper No. 406 (Fisheries Series). In the past six years, the world's fishery sector has reached a turning point with global fish production reaching a plateau of approximately 100 million tons annually. While aquaculture output continued to grow, yields from capture fisheries were uneven and showed increasing signs of stagnation because of widespread overfishing and overcapitalization, ineffective management, deteriorating resource health, declining or flat global harvests, and inefficient economic and trade policies. This paper examines the role of subsidies in fisheries.
