The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.

From the tragic young Adonis to Zašhapuna, first among goddesses, this handbook provides the most complete information available on deities from the cultures and religions of the ancient Near East, including Anatolia, Syria, Israel, Sumer, Babylonia, Assyria, and Elam. The result of nearly fifteen years of research, this handbook is more expansive and covers a wider range of sources and civilizations than any previous reference works on the topic. Arranged alphabetically, the entries range from multiple pages of information to a single line—sometimes all that we know about a given deity. Where possible, each record discusses the deity’s symbolism and imagery, connecting it to the myths, rituals, and festivals described in ancient sources. Many of the entries are accompanied by illustrations that aid in understanding the iconography, and they all include references to texts in which the god or goddess is mentioned. Appropriate for both trained scholars and nonacademic readers, this book collects centuries of Near Eastern mythology into one volume. It will be an especially valuable resource for anyone interested in Assyriology, ancient religion, and the ancient Near East.

Designed for both practitioners and academics, this work seeks to inform the reader about the practice of competency management services in the public sector. It throws light on the origins and meanings of the concept and traces the competency movement from the 1980s in the UK and USA.

Katriana Cardona My life ended the moment the X-Clan found me. Bitten.Turned.And claimed by him. My genetic markers label me as a rare Omega. But inside, I'm all female alpha. And I will not heel. Not even to the Alpha of Andorra Sector. Ander Cain promises me protection.A new world of pleasure and pain.But he wants all of me in return.Even if it means taking me by force. I'll be damned if I give up my inner fight. I spent the last twenty-one years battling the walking dead. These wolves won't know what hit them when I'm through. Ander Cain My life began the moment I found her, my darling little mate. She's the force of nature Andorra Sector needs to give us hope for a future. A reason to keep going and to protect our lands from the zombie infestation beyond. Yet she refuses to play by our rules. Born in a time where humans will do anything to survive, she's not used to the pack hierarchy or the laws our kind abides by. Oh, but she'll learn. And I'll thoroughly enjoy being the one to train her. Katriana Cardona can fight me all she wants, but in the end, she will be mine. Whether she submits or not. Note: This is a standalone shifter romance with omegaverse and dystopian elements. There will be three main novels in the X-Clan series, all featuring different couples. Novellas may appear in between about side characters as well.

Do your sentences sag? Could your paragraphs use a pick-me-up? If so, The Writer’s Diet is for you! It’s a short, sharp introduction to great writing that will help you energize your prose and boost your verbal fitness. Helen Sword dispenses with excessive explanations and overwrought analysis. Instead, she offers an easy-to-follow set of writing principles: use active verbs whenever possible; favor concrete language over vague abstractions; avoid long strings of prepositional phrases; employ adjectives and adverbs only when they contribute something new to the meaning of a sentence; and reduce your dependence on four pernicious “waste words”: it, this, that, and there. Sword then shows the rules in action through examples from William Shakespeare, Emily Dickinson, Martin Luther King Jr., John McPhee, A. S. Byatt, Richard Dawkins, Alison Gopnik, and many more. A writing fitness test encourages you to assess your own writing and get immediate advice on addressing problem areas. While The Writer’s Diet is as sleek and concise as the writing ideals contained within, this slim volume packs a powerful punch. With Sword’s coaching writers of all levels can strengthen and tone their sentences with the stroke of a pen or the click of a mouse. As with any fitness routine, adhering to the rules requires energy and vigilance. The results, however, will speak for themselves.

Many familiar Gospel narratives are filled with geographic details that we gloss over because of our distance from the Holy Land. Yet climate, landscape, natural resources, and other features of geography leave a lasting mark on the societies and cultures that have developed within them. In a world of dirt roads and dry riverbeds, where shepherds watch their flocks in the hills and fishermen mend their nets by the sea, Jesus taught from hill and plain, using the surrounding landscape as the backdrop for his teaching. Jesus’ parables and illustrations are often brimming with geographic clues, but the significance of these distinctive details is often lost on us today. The Lexham Geographic Commentary on the Gospels puts readers in the sandals of the disciples as they travel throughout Israel with Jesus, explaining the significance of geography for mining the riches of the biblical text.

In the first installment of the A Fire Beneath the Skin trilogy, the city of Klaar has never fallen. No enemy has ever made it across the Long Bridge or penetrated the city’s mighty walls. Even when a powerful invading army shows up at the gates, the duke and his daughter, Rina Verais, are certain that it poses little threat. But they are cruelly betrayed from within and, in a horrific spasm of violence, the city is brought to its knees. With the help of her bodyguard, Kork, the battle-trained young Rina narrowly escapes the slaughter and makes her way to the lair of an ancient sorcerer—the Ink Mage—who gifts her with a strange, beautiful set of magical tattoos. Now a duchess in exile, Rina sets out on a quest to reclaim what is rightfully hers, aided by a motley assortment of followers who will help her in her cause—some for noble reasons and others for their own dark purposes. With the enemy’s agents nipping at her heels, Rina must learn to harness her new and startling magical powers if she is to assert her rightful place as ruler of Klaar.

That a woman who was his perfect match even existed. And that he’d find her in a bustling cafe. Yet just the scent of sweet, mortal Torrance Watson ignited a driving, explosive need to claim her that he knew his pack would never sanction. Worse, the rogue werewolf he’d been hunting had sensed that attraction and made Torry his prey. Forced to safeguard her from this ruthless assassin, who already posed a threat to his pack, Mason now faced the ultimate challenge. Did he have the courage to cross the line by sealing the blood bond that would make Torry his alone – a disloyalty few of his kind ever survived – or would he live an eternity without love?

In Ordinary Jerusalem, 1840-1940, Angelos Dalachanis, Vincent Lemire and thirty-five scholars, mostly young academics, utilize new archives to revisit the global, extraordinary city of Jerusalem in the late Ottoman and Mandate periods.

Piracy is taking over the Internet. Especially the piracy of Independent Authors who are perceived as being less able to defend their copyright. This book takes the reader by the hand and walks them through the process of getting their books taken down from pirate sites. You are not defenseless. There are FREE methods of finding your books on the pirate sites. There are places for reporting to the web licensing sites, the hosting sites and the pirate sites. This book tells how to obtain the name, address, phone number and what to do with the information. TAKE BACK YOUR BOOKS!!!
