Incompetent leadership
is everywhere, and

Download File

PDF Pre

there's no denying that most of these leaders are men. In this timely and provocative book,

Tomas Chamorro-

Premuzic asks two

powerful questions:

Why is it so easy for

incompetent men to

become leaders? And

why is it so hard for

competent

people--especially

competent women--to

Download File

PDF Pre

advance? Marshaling decades of rigorous research, Chamorro-Premuzic points out that although men make up a majority of leaders, they underperform when compared with female leaders. In fact, most organizations equate leadership potential with a handful of destructive personality traits, like overconfidence and

Download File

PDF Pre

narcissism. In other words, these traits may help someone get selected for a leadership role, but they backfire once the person has the job. When competent women--and men who don't fit the stereotype--are unfairly overlooked, we all suffer the consequences. The result is a deeply flawed system that

Download File

PDF Pre

rewards arrogance rather than humility, and loudness rather than wisdom. There is a better way. With clarity and verve, Chamorro-Premuzic shows us what it really takes to lead and how new systems and processes can help us put the right people in charge.
