Problem and Solution is a pattern of organization where information in a passage is expressed as a dilemma or concerning issue (a problem) and something that was, can be, or should be done to remedy this issue (solution or attempted solution). The problem and solution text structure may seem like it would be easy to recognize, but it can be moderately difficult to identify because it is frequently confused with the cause and effect pattern of organization, as they both have relational ...

Problem and Solution | Common Core Reading Skills Text ...

Problem and Solution text structure can be a little tricky for students to master. Unless the author comes out and directly states the problem, the students can struggle with drawing their own conclusions. I want them to think beyond what it is and start to think why it is used? What are the benefits of writing in this structure?

What's the big idea? That's a question students are asked all the time in papers, assessments, and standardized writing tests of every sort. Whether summarizing research sources or synopsisizing the plot of a two-hundred page novel, the ability to cut through extraneous details and describe the major themes and highlights of a text is key to success in school and in life. Until now, however, summarization has been difficult to teach and learn, but with Summarizing, Paraphrasing, and Retelling, you'll discover a powerful and practical way to teach these vital skills. Summarizing, Paraphrasing, and Retelling is a slim, do-it-all guide that presents everything you need for teaching kids to separate out trivial items in their reading and then identify and communicate the main ideas and crucial details. Emily Kissner breaks summarization down into smaller, more manageable skills-such as paraphrasing, writing synopses, retelling, and restating the main-idea-illustrating what good summarization looks like and how to adjust your teaching to fit your students' needs. She offers not only methods for individual and group instruction, but also handy, reproducible resources, such as assessment checklists, forms for group work, peer-response sheets, and sample passages for students to practice with. Best of all, Kissner's approach is a student-centered alternative to more traditional skill-and-drill preparations. Supported by research and tested in classrooms, Summarizing, Paraphrasing, and Retelling gives you both big ideas for powerful teaching and important particulars to help you plan instruction and analyze your students' progress. What's the big idea behind teaching summarizing? Read Summarizing, Paraphrasing, and Retelling and find out.

How can teachers make content-area learning more accessible to their students? This text addresses instructional issues and provides a wealth of classroom strategies to help all middle and secondary teachers effectively enable their students to develop both content concepts and strategies for continued learning. The goal is to help teachers model, through excellent instruction, the importance of lifelong content-area learning. This working textbook provides students maximum interaction with the information, strategies, and examples presented in each chapter. Content Area Reading and Learning: Instructional Strategies, Third Edition is organized around five themes: Content Area Reading: An Overview The Teacher and the Text The Students The Instructional Program School Culture and Environment in Middle and High School Classrooms Pedagogical features: Each chapter includes a graphic organizer, a chapter overview, a Think Before Reading Activity, one or more Think While Reading Activities, and a Think After Reading Activity. The activities present questions and scenarios designed to integrate students' previous knowledge and experience with their new learnings about issues related to content area reading, literacy, and learning, and to serve as catalysts for thinking and discussions. New in the Third Edition The latest information on literacy strategies in every content area Research-based strategies for teaching students to read informational texts Up-to-date information for differentiating instruction for English-speaking and non-English speaking students An examination of youth culture and the role it plays in student learning A look at authentic learning in contexts related to the world of work Ways of using technology and media literacy to support content learning Suggestions for using writing in every content area to enhance student learning Ideas for using multiple texts for learning content A focus on the assessment-instruction connection Strategies for engaging and motivating students Content Area Reading and Learning: Instructional Strategies, Third Edition, is intended as a primary text for courses on middle and high school content area literacy and learning.

Prudy collects so many things that everyone says she has a problem, but when a crisis convinces her that they are right, she comes up with the perfect solution.

A Revolutionary Strategy for Teaching Writing to Children How can we shape young students, often just learning how to hold a pencil, into capable writers? This groundbreaking book offers the solution: a clear framework for guiding children to write in any style, from narrative to persuasive. The key lies in using familiar text structures to break down a story into its main components, immediately thrusting students into the role of the writer. Included are 53 lessons, each centered around a classic nursery rhyme, and all the tools you' ll need to lead your students in crafting their own story — in words, pictures, or both. Discover how text structures, already a success in later grades, can also have a profound impact on younger students' progress.

Text Structures from the Masters provides 50 short texts written by famous Americans driven by what Peter Elbow described as "an itch" to say something. By examining the structure of these mentor texts, students see that they too have an "itch" and learn how to use the text structure of each document to express it. Each 4-page lesson includes: A planning sheet that shows the structure of the mentor text Brainstorming boxes A method for "kernelizing" (outlining) their own essay Student examples
