Santrock concepts of psychology. New learning goals launch each chapter and serve as the organizing mechanism for the text and supporting materials. These learning goals focus students' attention on the big ideas of psychology. Rich applications and current research support the big ideas so that students emerge with an understanding of the key concepts, not a collection of details. Your success and your students' success is in the Balance, Santrock provides you with the balance you need to succeed.

Written by the author of highly effective psychology texts relied upon by thousands of teachers and students, Educational Psychology is a well-crafted text that emphasizes the application of theory to classroom practice. With richly evocative

Santrock's classroom vignettes provided by practicing teachers, as well as the most case studies - three per chapter - of any Introductory text, Santrock's Educational Psychology helps students think critically about the research basis for best practices.

Additionally, Santrock's hallmark Learning System organizes the content into manageable chunks to support retention and mastery, and make it much more likely that students will have an engaging and successful course experience.

Thorough. Accurate. Reliable. Engaging. These are just a few of the words used by adopters and reviewers of John Santrock's Child Development. The topically-organised fourteenth edition continues with Santrock's highly contemporary tone and focus, featuring over 1,000 new citations. The popular Connections theme

Santrock introduction to the discipline. The Brief Edition was developed to satisfy the demand for a shorter text that could easily be covered in one semester. Chapters were rewritten to maintain the continuity and pedagogy that has made Santrock a student and market favorite. Memory, Language, and Intelligence have been combined to form one cohesive chapter and the health psychology and statistics coverage has been moved into an appendix. Santrock provides faculty and students with the most relevant introduction to psychology available, no other Introductory text provides a better balance of research vs. pedagogy, content vs. applications, depth vs. breadth, and theoretical vs. practical information. All of this is presented in the clearly understandable and straightforward prose that Santrock is renowned for and in a highly visual design that is pedagogically
