Psychotic Reactions And Carburetor Dung

Psychotic Reactions and Carburetor Dung: The Work of a Legendary Critic: Rock 'n' Roll as Literature and Literature as Rock 'n' Roll is a collection of essays written by famous rock music critic Lester Bangs. Named for a 1971 article of the same title, it was edited by Greil Marcus and released in 1987, five years after Bangs' death. In his introduction, Marcus explains that, "Perhaps what this book demands from a reader is a willingness to accept that the best writer in America could write ...

Psychotic Reactions and Carburetor Dung - Wikipedia

Psychotic Reactions and Carburetor Dung is a particularly strange collection that was edited together and published. The editor admits from the on-set that most of Bangs popular pieces are not included here, leaving the reader to wonder what exactly they're in for in terms of reading.

Their psychedelic-punk hit, Psychotic Reaction, reached the US Top 5 in 1966. They first drew attention by wearing Dracula-style capes to their gigs. After recording one album, also titled Psychotic Reaction, they released a few more singles before disbanding in 1969. The band's memory was immortalized in a 1972 essay by the famous rock writer Lester Bangs called Psychotic Reactions and Carburetor Dung.

Until his death aged thirty-three in 1982, Lester Bangs wrote wired, rock 'n' roll pieces on Iggy Pop, The Clash, John Lennon, Kraftwerk, Lou Reed. As a rock critic, he had an eagle-eye for distinguishing the pre-packaged imitation from the real thing; written in a conversational, wisecracking, erotically charged style, his hallucinatory hagiographies and excoriating take-downs reveal an iconoclast unafraid to tell it like it is. To his journalism he brought the talent of a great a renegade Beat poet, and his essays, reviews and scattered notes convey the electric thrill of a music junky indulging the habit of a lifetime. As Greil Marcus writes in his introduction, "What this book demands from a reader is a willingness to accept that the best writer in America could write almost nothing but record reviews."

Vintage presents the paperback edition of the wild and brilliant writings of Lester Bangs—the most outrageous and popular rock critic of the 1970s—edited and with an introduction by the reigning dean of rack critics, Greil Marcus.

Before his untimely death in 1982, Lester Bangs was inarguably the most influential critic of rock and roll. Writing in hyper-intelligent Benzedrine prose that calls to mind Jack Kerouac and Hunter S. Thompson, he eschewed all conventional thinking as he discussed everything from Black Sabbath being the first truly Catholic band to Anne Murray's smoldering sexuality. In Mainlines, Blood Feasts, Bad Taste fellow rock critic John Morthland has compiled a companion volume to Psychotic Reactions and Carburetor Dung, the first, now classic collection of Bangs's work. Here are excerpts from an autobiographical piece Bangs wrote as a teenager, travel essays, and, of course, the music pieces, essays, and criticism covering everything from titans like Miles Davis, Lou Reed, and the Rolling Stones to esoteric musicians like Brian Eno and Captain Beefheart. Singularly entertaining, this book is an absolute must for anyone interested in the history of rock.

Let It Blurt is the raucous and righteous biography of Lester Bangs (1949-82)—the gonzo journalist, gutter poet, and romantic visionary of rock criticism. No writer on rock 'n' roll ever lived harder or wrote better—more passionately, more compellingly, more penetratingly. He lived the rock 'n' roll lifestyle, guzzling booze and Romilar like water, matching its energy in prose that erupted from the pages of Rolling Stone, Cream, and The Village Voice. Bangs agitated in the seventies for sounds that were harsher, louder, more electric, and more alive, in the course of which he charted and defined the aesthetics of heavy metal and punk. He was treated as a peer by such brash visionaries as Lou Reed, Patti Smith, Richard Hell, Captain Beefheart, The Clash, Debbie Harry, and other luminaries. Let It Blurt is a scrupulously researched account of Lester Bangs's fascinating (if often tawdry and unappetizing) life story, as well as a window on rock criticism and rock culture in their most turbulent and creative years. It includes a never-before-published piece by Bangs, the hilarious "How to Be a Rock Critic," in which he reveals the secrets of his dubious, freeloadng trade.

Explores the avant-garde history of twentieth-century Europe through the lifestyle and music of the Sex Pistols

Washington, D.C.-based rock 'n' roll anthiero Ian F. Svenonius provides an unparalleled and exquisitely provocative how-to guide for rock bands.

"Fellow rock stars, casual members of the public, lords and media magnates, countless thousands of people will talk of their encounters with this driven, talented, indomitable creature, a man who has plumbed the depths of depravity, yet emerged with an indisputable nobility. Each of them will share an admiration and appreciation of the contradictions and ironies of his incredible life. Even so, they are unlikely to fully comprehend both the heights and the depths of his experience, for the extremes are simply beyond the realms of most people's understanding;"—from the Prologue The first full biography of one of rock 'n' roll's greatest pioneers and legendary wild men Born as James Newell Osterberg Jr., Iggy Pop transcended life in Ypsilanti, Michigan, to become a member of the punk band the Stooges, thereby earning the nickname "the Godfather of Punk." He is one of the most riveting and reckless performers in music history, with a commitment to his art that is perilously total. But his personal life was often a shambles, as he struggled with drug addiction, mental illness, and the ever-problematic question of commercial success in the music world. That he is even alive today, let alone performing with undiminished energy, is a wonder. The musical genes of punk, glam, and New Wave were all anticipated and profoundly influenced by his work. Paul Trynka, former editor of Mojo magazine, has spent much time with Iggy's childhood friends, lovers, and fellow musicians, gaining a profound understanding of the particular artistic culture of Ann Arbor, where Iggy and the Stooges were formed in the mid to late sixties. Trynka has conducted over 250 interviews, has traveled to Michigan, New York, California, London, and Berlin, and, in the course of the last decade or so at Mojo, has spoken to dozens of musicians who count Iggy as an influence. This has allowed him to depict, via real-life stories from members of bands like New Order and the Red Hot Chili Peppers, Iggy's huge influence on the music scene of the '70s, '80s, and '90s, as well as to portray in unprecedented detail Iggy's relationship with his enigmatic friend and mentor David Bowie. Trynka has also interviewed Iggy Pop himself at his home in Miami for this book. What emerges is a fascinating psychological study of a Jekyll/Hyde personality: the quietly charismatic, thoughtful, well-read Jim Osterberg hiched to the banshee creation and alter ego that is Iggy Pop. Iggy Pop: Open Up and Bleed is a truly definitive work—not just about Iggy Pop's life and music but also about the death of the hippie dream, the influence of drugs on human creativity, the nature of comradeship, and the deprivations of fame.

A biography of the controversial fighter follows Liston from the mean streets, where he was a petty criminal, to the heavyweight championship and his life as a pawn of organized crime. By the author of Power on Earth. 40,000 first printing.

In this generous collection of book reviews and literary essays, Robert Christgau shows readers a different side to his esteemed career with reviews of books ranging from musical autobiographies, criticism, and histories to novels, literary memoirs, and cultural theory.

Explores the inventive and innovative music created in the years following the heyday of punk, looking at the contributions of such bands as Talking Heads, Devo, Joy Division, and Gang of Four to the evolution of modern music.
