(Leuven, 2001), Austria (Vienna, 2002),
France (Toulouse, 2003) and Portugal
(Porto, 2006). It was certainly high time
that the conference came to Italy! The
conference series, which is run and
sponsored by Ada-Europe, chooses its
yearly venue following two driving
criteria: to celebrate the activity of one of

Read Free Reliable Software Technologies Ada

its national member societies in a particular country, and/or to facilitate the formation, or the growth, of a national community around all aspects of reliable software technologies. The success of this year's conference, beside the richness of its technical and social program, will thus be measured by its lasting effects. We can

Read Free Reliable Software Technologies Ada

only hope that the latter will be as good and vast as the former! Owing to the absence of a national society associated with Ada-Europe in Italy, the organization of the conference was technically sustained by selected members of the Board of Ada-Europe, its governing body, with some invaluable local support.

Read Free Reliable Software Technologies Ada Europe 2010 15th Ada

Started on the inspired initiative of Prof. Alfred Strohmeier back in 1996, and spawned from the annual Ada-Europe conference that had previously run for 16 consecutive years, the International Conference on Reliable Software Technologies celebrated this year its tenth
