This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary

democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.

Learn a broad range of techniques for dry flies, streamers, and wet flies by tying the modern flies that everyone is talking about. Author Tim Cammisa teaches you how to tie these simple but effective patterns and then how to take the techniques you 've learned and use them for most of the other core patterns—old and new—that should be in your box. Includes information on the latest materials, tying tips from other tiers, and 16 patterns with recipes and complete step-by-step instructions.

This authoritative, illustrated history chronicles the Vanguard project, which placed one of the United States' earliest successful man-made satellites into Earth orbit. It analyzes scientific and technical challenges, impact on subsequent missions, and Cold War influences.

With three months remaining of her marriage of convenience, Savannah is ready to say goodbye to her spoiled rich boy of a husband. He's annoying and argumentative and used to always getting his way. Sure, he's hot. And maybe occasionally a little bit sweet. But she doesn't want to stay married to him. Not at all. He needed a wife for a year so he could inherit his grandmother's fortune, and she needed to pay off her family's debts. That's all their marriage has ever been about. So she really needs to stop falling into bed with him.

Mary Jo Putney's riveting Lost Lords series unleashes a high stakes royal plot--which may prove easier for Damian Mackenzie to handle than his own unruly desire. . . He's a bastard and a gambler and society's favorite reprobate. But to Lady Kiri Lawford he's a hero--braver than the smugglers he rescues her from, more honorable than any lord she's ever met, and far more attractive than any man has a right to be. How can she not fall in love. . .? But Damian Mackenzie has secrets that leave no room in his life for courting high-born young ladies--especially not the sister of one of his oldest friends. Yet when Kiri's quick thinking reveals a deadly threat to England's crown, Damian learns that she is nowhere near as prim and respectable as he first assumed. . .and the lady is far more alluring than any man can resist. . . Praise for Loving a Lost Lord "Intoxicating, romantic and utterly ravishing. . ." --Eloisa James "Entrancing characters and a superb plotline. . ." --Publishers Weekly, starred review "Will leave readers smiling, breathless, and anxiously awaiting the next adventure. . ." --Library Journal, starred review "Romance at its best!" --Julia Quinn

One stormy night, Erin swerves to avoid a dog in the road?only to end up crashing in the river. Struggling from the wreckage, she picks up the abandoned dog and wanders until she finds a clinic. The doctor, Dom, takes them both in; his warmth makes her chest so tight... The next day, out of nowhere, Erin offers to help Dom since he ' s so busy. Perhaps by his side, she can

find meaning that can counter the listlessness she feels.

Take Hold of God's Vision for Your Life. A Life that is GREATER. This companion guide to Steven Furtick's life-changing Greater DVD will help you take the next step—and the ones after that—to follow Jesus's call to do even greater things than He did (John 14:12). Drawn from the powerful book Greater—and designed to be used with the Greater DVD—this user-friendly resource shows you how to apply four “greater” -releasing principles from the prophet Elisha's life: · Burn the Plows: Make a decisive break with your old life. · Digging Ditches: Start small and make practical preparations. · Upon Further Review: Live with the knowledge that faith is never wasted. · Strike the Water: Step out to live the greater life God promises. Each chapter includes a study plan that corresponds with the DVD, discussion questions, space for individual reflection, a Bible study, and suggestions for group leaders. Created to ignite your passion and move you forward, the Greater DVD Participant's Guide will inspire you to reach for the greater life—and show you how to get there. DVD not included.

Science, Technology, and Communism: Some Questions of Development focuses on the relationship of science, technology, and communism, including indicator of incentives, formation of funds, technological processes, and production processes. The book first offers information on science as a direct productive force in society and material incentives for the development of science and technology. Discussions focus on basic indicator of incentives, formation of funds for the development of science and technology and material incentives, and system of collective and individual material incentives. The text then elaborates on the general tasks in the development of science and technology, including the development and improvement of existing technological processes, automation and mechanization of production processes, and improvement of methods for planning national economic development. The publication ponders on directions in the development of science and technology and planning the development of science and technology. Topics include mechanical energy, chemical products, distribution of productive forces in an economic district, choice of scientific and scientific-technical tasks to be included in plans for the development of science and technology, and perspective planning of the development of science and technology. The book is a vital source of data for readers interested in the relationship of science, technology, and communism.

A British bad boy and a runaway princess bride collide for a tempting time... Jackson Being a rock god isn't all it's cracked up to be. It's become a soulless grind. Which is why I'm now on my mate's houseboat, far away from the spotlight, hoping to find my way back to the music. Yeah. Not gonna happen. I've just discovered a stowaway on board, and I can't believe who she is. A bloody princess? And the prim little woman won't leave the boat, so I make an offer to scare her off—a no-strings fling. Only she says yes. I say no, and she promptly locks herself in my bedroom. I swear I'm dropping her off at the next port. She's trouble wrapped in a pretty virginal package, and I know I shouldn't touch. Emma I'm a runaway bride trying to make a clean escape. But when Jackson Walker discovers me hiding on his boat—after I get over the shock of stumbling upon a rock star's

hideaway—I immediately know he ' s exactly what I need. He ' s wild, rough around the edges, perfect. My family would never approve. The press would skewer us. I still want him. He ' s the antidote to my tightly prescribed life. But can he ever see past my title to the woman I long to be?
