Wake up your introductory sociology classes! Sociology in Action helps your students learn sociology by doing sociology. Sociology in Action by Kathleen Odell Korgen and Maxine P. Atkinson will inspire your students to do sociology through real-world activities designed to increase learning, retention, and engagement with course material. Packed with new activities and thought-provoking questions to help explain key concepts, the Second Edition of this innovative bestselling text immerses students in an active learning experience that emphasizes hands-on work, application, and learning by example. Each chapter has been updated to reflect recent societal changes including: the causes for and ramifications of the 2016 election; the latest issues facing the LGBT community, people of color, immigrants and refugees, and the shrinking middle class; and student loan debt. The comprehensive Activity Guide that accompanies the text provides everything you need to assign, carry out, and assess the activities that will best engage your students, fit the format of your course, and meet your course goals. Also available as a digital option (courseware). Contact your rep to learn more about Sociology in Action, Second Edition - Vantage Digital Option.

The Fourth Edition of Peter G. Northouse's bestselling Introduction to Leadership: Concepts and Practice provides readers with a clear overview of the complexities of practicing leadership and concrete strategies for becoming better leaders. The text is organized around key leader responsibilities such as creating a vision, establishing a constructive climate, listening to outgroup members, and overcoming obstacles. Three interactive components in every chapter—self-assessment questionnaires, observational exercises, and reflection and action worksheets—get readers actively involved in applying leadership concepts to their own lives. Grounded in leadership theory and the latest research, the fully updated, highly practical Fourth Edition includes a new chapter on how leaders can embrace diversity and inclusion, as well as new material on the dark side of leadership and a new ethical leadership style questionnaire.

Ideal as an introduction and as a quick reference, Key Concepts in Critical Management Studies explores the essential concepts used within the field today. Specially edited and written by a range of international experts, key ideas are succinctly explained and illustrated beyond a simple definition. Further reading suggestions and cross-referencing provide the reader with means to develop their knowledge further. With over 50 entries, from Actor Network Theory to Utopianism, readers have instant access and explanation of the most influential concepts in CMS literature.

Qualitative researchers have grappled with how online inquiry shifts research procedures such as gaining access to spaces, communicating with participants, and obtaining informed consent. Drawing on a multimethod approach, Conducting Qualitative Research of Learning in Online Spaces explores how to design and conduct diverse studies in online environments. Authors Hannah R. Gerber, Sandra Schamroth Abrams, Jen Scott Curwood, and Alecia Marie Magnifico focus on formal and informal learning practices that occur in evolving online spaces. The text shows researchers how they can draw upon a variety of theoretical frameworks, methodological approaches, and data sources. Examples of qualitative research in online spaces, along with guiding questions, support readers at every phase of the research process.
