Starting Out Sicilian Najdorf - bitofnews.com

The Sicilian Najdorf is one of Black's sharpest and most popular lines against 1 e4. From the very start Black directs the game into asymmetrical positions in which he or she can play for the win without unjustified risk. For this reason the Najdorf has been a firm favourite amongst the very elite of world chess, including Garry Kasparov and, before him, Bobby Fischer.

### Starting Out Sicilian Najdorf - abcd.rti.org

The Najdorf Variation of the Sicilian Defence is one of the most respected and deeply studied of all chess openings. Modern Chess Openings calls it the "Cadillac" or "Rolls Royce" of chess openings. The opening is named after the Polish-Argentine grandmaster Miguel Najdorf. Many players have lived by the Najdorf. The Najdorf begins: 1. e4 c5 2. Nf3 d6 3. d4 cxd4 4. Nxd4 Nf6 5. Nc3 a6 Black's 5...a6 aims to deny the b5-square to White's knights and light-square bishop while maintaining flexible d

The Closed Sicilian is an ideal weapon for players who wish for an aggressive way to attack the Sicilian. This book takes a different look at this famous opening. The early moves and ideas are introduced and care is taken to explain the reasoning behind them.

Grandmaster Joe Gallagher studies the Sicilian Najdorf in a simplistic way, introducing the crucial initial moves and ideas and taking care to explain the reasoning behind them, something that has sometimes been neglected or taken for granted.

The Najdorf Sicilian has a unique place amongst chess openings: for several decades it has been regarded by the top grandmasters as the best way for Black to play soundly for a win against 1 e4. It was a particular favourite of World Champions Bobby Fischer and Garry Kasparov, and plays a vital role in the repertoires of current top players such as Viswanathan Anand and Veselin Topalov. Black's stance is totally uncompromising. He accepts no organic weaknesses and stays flexible, ready to counterpunch in any part of the board. White has no safe or easy option. On the other hand, he does have a vast array of extremely dangerous attacking options, such as the old 6 Bg5 main line, which can lead to the Poisoned Pawn, a variation that has undergone much development in the 21st century. The current main line is 6 Be3, intending the English Attack. But given the Najdorf's importance, White has tried almost everything imaginable in the search for an advantage, with considerable bodies of theory evolving for lines that contain merely a drop of poison. In the ever-changing Najdorf landscape, it is easy to lose sight of the strategic backbone that underpins the Najdorf. In this book, James Rizzitano, a battle-hardened Sicilian warrior, distils the most important ideas and themes from current practice to provide an ideal guide for those looking to succeed as White or

Black in the Najdorf in the modern scientific era.

The Najdorf is the most popular line of the Sicilian Defence for a very good reason: Black can play for a win without taking undue risks. The Najdorf's fundamental soundness has been confirmed in countless top-level games, and in particular by Garry Kasparov's successful use of it throughout his career. White has tried a wide variety of approaches against the Najdorf, including quiet positional lines and the traditional main line with 6 Bg5. Recently the idea of a rapid kingside pawn advance has found favour. The Najdorf's landscape changes rapidly, and this presents its devotees with a complex task: they must not only keep up-to-date with sharp theoretical lines, but must also have a firm grasp of the strategies that underpin the main systems, both old and new. This book lends a helping hand to those who play the Najdorf or wish to take up this complex opening. Two Najdorf experts from Spain present a flexible repertoire for Black, including a wealth of original analysis of the critical variations. They also explain the key ideas behind the Najdorf, focusing on those plans that are most relevant to modern practice.

Chess Developments is a series which provides state-of-the-art openings coverage. Chess Developments focuses on the current trends - concentrating on critical lines, theoretical novelties and powerful new ideas. It offers players of all levels the opportunity to keep up-to-date with current opening theory whilst also expanding and improving their repertoires. The Sicilian Najdorf is undoubtedly one of the most popular chess openings. It was played with great success by world champions Bobby Fischer and Garry Kasparov and today it remains a favourite defence at all levels from grandmaster to beginner. 6 Bg5 is widely acknowledged as a critical test of the Sicilian Najdorf. It leads to razor-sharp positions and hotly debated lines such as the fascinating Poisoned Pawn, where one small slip by either side can be fatal. In this book, International Master Kevin Goh Wei Ming examines the most theoretically important and instructive games in recent years, highlighting the main developments and novelties for both sides. Whether playing White or Black, this book provides you with essential knowledge of an important opening. Essential coverage of a popular opening  
Written by a Sicilian Najdorf 6 Bg5 expert  
Packed with new ideas and critical analysis

The Najdorf Variation of the Sicilian Defence continues to be extremely popular, both with top grandmasters and club players. And for very good reasons: it is a flexible, ambitious, wonderfully rich and diverse system, offering one of the best ways for Black to play for a win. Both Bobby Fischer and Garry Kasparov achieved great successes with their beloved Najdorf. In this book, Grandmaster Zaven Andriasyan presents a groundbreaking attacking repertoire for Black. He analyses a large number of recent games from top players such as Topalov, Gelfand and Grischuk, explaining the various tactical and positional themes. Revisiting all major Najdorf battlegrounds Andriasyan radically overturns chess opening theory that was developed during decades. He manages to find an astonishing number of improvements: all in all he presents more than two hundred novelties. A must-read for Najdorf lovers!

## Read Book Starting Out Sicilian Najdorf

The Najdorf Sicilian is one of Black's most respected and popular responses to 1 e4. It was favoured by those two titans of the game, Bobby Fischer and Garry Kasparov and in the modern game it features in the repertoire of many elite players. This rich opening creates a wealth of opportunities for vigorous attacks, causing most games to be tense and engaging. The Najdorf is that very rare thing - an opening for Black that is highly aggressive but is also recognised as being objectively sound. In this book, FIDE Master John Doknjas and National Master Joshua Doknjas navigate through the main lines of the Najdorf and provide the reader with well-researched, fresh, and innovative analysis. Each annotated game has valuable lessons on how to play the opening, and contains instructive commentary on typical middle-game plans. With thorough variations and explanations on pawn structures and piece placement, this book provides insight to both strong masters and less experienced players alike. The format is ideal for the chessplayer keen to improve their game. While reading you are continually challenged to answer probing questions - a method that greatly encourages the learning and practising of vital skills just as much as the traditional assimilation of chess knowledge. Carefully selected questions and answers are designed to keep you actively involved and allow you to monitor your progress as you learn. This is an excellent way to study chess while providing the best possible chance to retain what has been learnt.
