In the Realm of Heaven, God sighed. And so it began. With the year 2025 not really that far away, the daily trouble and turmoil of the planet increases with each passing day. Wars and prejudices remain always present, people no longer have time for each other, or trust in each other. They no longer have any belief in God, and He's realized that the end is finally at hand. With the simple words, "I'll do it" however, the hope of stopping the imminent destruction of Earth is born. Can one lowly angel named Orphaniel change the ways of Tony Rose, one of the world's worst tenants - whose own struggles and hatreds put him in God's contempt - in time to save the world with one of the greatest miracles ever witnessed? Or will the godless planet fall into the hands of the evil angel, Malach Ra, who has ideas of his own on how the dark days should be spent? Take a very thought-provoking and amazing journey into the not-to-distant future and be witness as the planet takes on some miraculous and spiritually uplifting changes.

Este libro es el resultado de dos años de investigación sobre los comienzos de la distribución de la motosierra en España, en el periodo comprendido entre 1964 y 1984. De carácter monográfico y escrito en español e inglés, cuenta pequeñas historias de las exposiciones llevadas a cabo por la empresa Béal & Cía, por las Ferias de maquinaria más importantes de España en esa época. Posiblemente sea el único libro histórico sobre la motosierra escrito en español, por lo que espero que todos los aficionados a éste mundo disfrutéis con el mismo. Quiero pedir os que disculpéis los errores que pueda contener ya que está escrito, editado y publicado en su totalidad por un aficionado a éste maravilloso mundo de la motosierra. Un saludo. Luismi García.
