~~Strongman by Mehta, Harish C. (ebook)~~

The book chronicles the life of Hun Sen from obscurity as a pagoda boy to strongman status. It reveals the life of Hun Sen and Bun Rany under the Khmer Rouge regime, their troubled romance as junior Khmer Rouge cadres, his escape to Vietnam, and triumphant return to liberate his country from genocide, and his emergence as the longest-serving leader in Southeast Asia.

~~Strongman Extraordinary Life Of Hun Sen~~

Strongman: The Extraordinary Life of Hun Sen, (Harish C. Mehta and Julie B. Mehta), published by Marshall Cavendish Editions in 2013. I'm reviewing this because Hun Sen is so important to Cambodia, but I haven't actually read it (I promise to do so in a month or two), so this will be a review of reviews.

I know all this because the second edition of Hun Sen's biography, 'Strongman: the Extraordinary Life of Hun Sen,' is full of such gossipy minutiae. From my own knowledge as a correspondent off and on in Cambodia, I know that the 60-year-old Cambodian prime minister has held power since Ronald Reagan was in the White House.

This review appeared in the Asia Sentinel: By: Our Correspondent Hun Sen smokes 40 State Express cigarettes a day □ a World War II kind of fag □ although he is trying to cut back, loves longan fruit, enjoys feeding the pelicans at his private lake at Takhmau, earns US\$1,150 a month, though the state covers all his expenses, and prefers his food cooked by his loyal wife Mde Bun Rany.

~~Hun Sen: Strongman of Cambodia by Harish C. Mehta~~

At the request of their publisher, Marshall Cavendish International in Singapore, Harish and Julie Mehta began revising their 1999 book □Strongman, The Extraordinary Life of Hun Sen□ a year ago. They were still writing in May but managed to finish the task so that it could get to Cambodia ahead of this month□s national election, which it did.

Rouge regime and the terror it inflicted in its attempt to create a communist utopia in the 1970s. Sebastian Strangio, a journalist based in the capital city of Phnom Penh, now offers an eye-opening appraisal of modern-day Cambodia in the years following its emergence from bitter conflict and bloody upheaval. In the early 1990s, Cambodia became the focus of the UN's first great post-Cold War nation-building project, with billions in international aid rolling in to support the fledgling democracy. But since the UN-supervised elections in 1993, the nation has slipped steadily backward into neo-authoritarian rule under Prime Minister Hun Sen. Behind a mirage of democracy, ordinary people have few rights and corruption infuses virtually every facet of everyday life. In this lively and compelling study, the first of its kind, Strangio explores the present state of Cambodian society under Hun Sen's leadership, painting a vivid portrait of a nation struggling to reconcile the promise of peace and democracy with a violent and tumultuous past.

The authors of this volume address multiple questions involving the nature of youth protest in the twenty-first century. Through their use of a case study approach, they comment upon the ways in which youth protest has been influenced by the electronic and social media and evaluate the effectiveness of protest activities, many of which were framed in reaction to neo-liberalism and state authoritarianism. A number of the authors further comment upon the utility of employing social movement theory to analyze the nature and character of protest actions, while others situate such events within specific political, social and cultural contexts. The case studies focus upon protest activities in Bahrain, Turkey, Iran, Cambodia, South Africa, China, Russia, Chile, Spain, and the U.S., and together, they offer a comparative analysis of an important global phenomenon. In so doing, the authors further address issues involving the changing nature of globalized protest participation, its immediate and long-term consequences, and the ways in which

protests have encouraged a re-evaluation of the nature of inequality, as constructed within educational, social, and political spheres.

This is the first full-length book on the concept of "People's Diplomacy," promoted by the president of North Vietnam, Ho Chi Minh, at the peak of the Vietnam War from 1965-1972. It holds great appeal for historians, international relations scholars, diplomats, and the general reader interested in Vietnam. A form of informal diplomacy, people's diplomacy was carried out by ordinary Vietnamese including writers, cartoonists, workers, women, students, filmmakers, medical doctors, academics, and sportspersons. They created an awareness of the American bombardment of innocent Vietnamese civilians, and made profound connections with the anti-war movements abroad. People's diplomacy made it difficult for the United States to prolong the war because the North Vietnamese, together with the peace movements abroad, exerted popular pressure on the American presidents Lyndon Johnson and Richard Nixon to end the conflict. It was much more effective than the formal North Vietnamese diplomacy in gaining the support of Westerners who were averse to communism. It damaged the reputation of the United States by casting North Vietnam as a victim of American imperialism.

This is the first biography of a leader whose private life has until now been a closely guarded secret. But it is much more than an account of the life of Hun Sen -- it tells through his eyes the story of the emergence through slaughter of an innocent people. Essential reading for all those who are intrigued and bewildered by the complex recent history of Cambodia, and by the rapid rise of its new leader from obscurity to strongman status.

A fascinating analysis of the recent history of the beautiful but troubled Southeast Asian nation of Cambodia To many in the West, the name Cambodia still conjures up indelible images of destruction

What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

The first English-language biography of Astrid Lindgren provides a moving and revealing portrait of the beloved Scandinavian literary icon whose adventures of Pippi Longstocking have influenced

generations of young readers all over the world. Lindgren's sometimes turbulent life as an unwed teenage mother, outspoken advocate for the rights of women and children, and celebrated editor and author is chronicled in fascinating detail by Jens Andersen, one of Denmark's most popular biographers. Based on extensive research and access to primary sources and letters, this highly readable account describes Lindgren's battles with depression and her personal struggles through war, poverty, motherhood, and fame. Andersen examines the writer's oeuvre as well to uncover the secrets to the books' universal appeal and why they have resonated so strongly with young readers for more than seventy years.

Whether you want to experience the hustle and bustle of Hanoi, feel the eeriness of the Plain of Jars, gaze at the awe-inspiring Angkor Wat or head down the Mekong on a slow boat, you can do all this and more with Footprint's totally revised and updated 4th edition Vietnam, Cambodia & Laos Handbook.
