Had the Suzuki Burgman 250 for 2 months, November-December and loving it to bits as the protection is better than any bike I've ever ridden or had, even the BMW K100LT. Very nice ride at reasonable speeds, comfort level is on a par with big touring machines. I find it the ideal commuting tool as I don't do motorways on my commute but do hit some A-roads (110kmh). acceleration is good ...

The incredible true story of Tiger Woods ' s dramatic comeback following his humiliating and very public personal, physical, and professional setbacks. One publicly imploded marriage. Two car accidents. Eight surgeries. And now, a miracle of hard work and storied talent: five Masters wins. Once hailed as " the greatest closer in history " before he fell further than any beloved athlete in America ' s memory, Tiger swung at the world ' s wildest expectations and beat the skeptics with his April 2019 Masters championship. Roaring Back traces his road to Augusta and the improbable, phenomenal comeback of one of the greatest golfers in history. New York Times — bestselling author Curt Sampson details the highs and lows of Woods ' s career in three gripping acts. From his startling loss at the 2005 PGA Championship, detrimental obsession with his swing, and that infamous night involving an ex-wife and a nine-iron... to adoring fans and lucrative sponsors turning their backs, exclusive interviews with past instructors and PGA tour peers, and an arrest complete with a toxicology report... finally to Tiger coming from behind for his fifth green jacket as the crowd rumbled in Georgia, and how his comeback rivals those of the most dramatic in his sport. Sampson also places Woods ' s defeats and triumphs in the context of historic comebacks by other notable golfers like Ben Hogan, Skip Alexander, Aaron Silton, and Charlie Beljan, finding the forty-three-year-old alone on the green for his trajectory of victory against all odds. As this enthralling book reveals, Tiger never doubted the perseverance of the winner in the mirror. " Sampson admirably details all the highs and lows. " —Jim Nantz, CBS Sports

A memoir by the mustachioed baseball pitcher who went playing rocky, trash-ridden fields in Castro ' s Cuba to becoming a Boston Red Sox legend. Luis Tiant is one of the most charismatic and accomplished players in Boston Red Sox and Major League Baseball history. With a barrel-chested physique and a Fu Manchu mustache, Tiant may not have looked like the lean, sculpted ace he usually played against, but nobody was a tougher competitor on the diamond, and few were as successful. There may be no more qualified twentieth-century pitcher not yet enshrined in the National Baseball Hall of Fame. His big-league dreams came at a price: racism in the Deep South and the Boston suburbs, and nearly fifteen years separated from a family held captive in Castro ' s Cuba. But baseball also delivered World Series stardom and a heroic return to his island home after close to a half-century of forced exile. The man whose name— " El Tiante " —became a Fenway Park battle cry has never fully shared his tale in his own words, until now. In Son of Havana, Tiant puts his heart on his sleeve and describes his road from torn-up fields in Havana to the pristine lawns of major league ballparks. Readers will share Tiant ' s pride when appeals by a pair of US senators to baseball-fanatic Castro secure freedom for Luis ' s parents to fly to Boston and witness the 1975 World Series glory of their child. And readers will join the big-league ballplayers for their spring 2016 exhibition game in Havana, when Tiant—a living link to the earliest, scariest days of the Castro regime—threw out the first pitch.

In this linguistic study of law school education, Mertz shows how law professors employ the Socratic method between teacher and student, forcing the student to shift away from moral and emotional terms in thinking about conflict, toward frameworks of legal authority instead.
