The Sabaeans or Sabeans were an ancient people of South Arabia. They spoke the Sabaean language, one of the Old South Arabian languages. They founded the kingdom of Saba , which was believed to be the biblical land of Sheba and "the oldest and most important of the South Arabian kingdoms". Review. by James Blake Wiener. published on 11 February 2013. Send to Google Classroom: Peru: Kingdoms of the Sun and the Moon is the exhibition catalogue of a major traveling exhibition now on show at the Museum of Fine Arts in Montreal, Canada. Edited by Victor Pimentel--a curator of pre-Columbian art at the Montreal Museum of Fine Arts--this splendid publication of over 350 pages goes far in revealing the extent to which both archaeology and cultural continuity have shaped the arts of Peru.

For centuries the strange, exotic civilizations of the Aztecs, Mayas and Incas flowered in total separation from the rest of mankind. Then explorers stumbled on great pyramids and temples hidden in the forests of Guatemala and Yucatan, and fortress cities high up in the Andes, to find ‘ things that have never been heard or seen before, or even dreamed about ’ (Bernal Diaz). In The Ancient Sun Kingdoms of the Americas, first published in 1960, Victor von Hagen describes the history and cultures of each of these early civilizations, drawing on a lifetime ’ s experience of their sites, archeology and artifacts. His detailed knowledge of their institutions, economic structures and religious practices enables him to reconstruct the pattern of their daily life, and to explore their distinctive achievements in, for example, engineering, commerce and communications. The account is illustrated throughout with numerous photographs, line-drawings, and reproductions from original prints. ‘ The Ancient Sun Kingdoms of the Americas vividly fulfils the author ’ s aim “ to take these people out of the flow of the purely archaeological and put them back into the human stream of life ” . ’ —Daily Telegraph
