Daring adventurer-archaeologist Indiana Jones returns in an all new, action-packed saga, in the novelization of the fourth, long-anticipated Indiana Jones movie. 300,000 first printing. (A Lucasfilms/Paramount Pictures film, written by David Koepp from a story by George Lucas, directed by Steven Spielberg, releasing May 2008, starring Harrison Ford, Karen Allen, Cate Blanchett, Shia LeBeouf, John Hurt, Ray Winstone, & Jim Broadbent)

Native American and Maya legends tell of thirteen life-size crystal skulls containing information crucial to humankind's true purpose and destiny. Crystal skulls are featured in the action movie Indiana Jones and the Kingdom of the Crystal Skull.

Eugene Boban began life in humble circumstances in Paris, traveled to the California Gold Rush, and later became a recognized authority on pre-Columbian cultures. He also invented an entire category of archaeological artifact: the Aztec crystal skull. By his own admission, he successfully "palmed off" a number of these crystal skulls on the curators of Europe's leading museums. How could that happen, and who was this man? Detailed are the travels, self-education, and archaeological explorations of Eugene Boban; this book also explores the circumstances that allowed him to sell fakes to museums that would remain undetected for over a century.

Indy, Mutt, and Marion escape to the jungle after being captured by Spalko, Dovchenko, and Mac, but are soon joined by Ox, who is desperate to return the crystal skull to Akator.

The story of the mystery, myth and magic of the Mitchell-Hedges crystal skull discovered in a lost Mayan city during a search for Atlantis.

The ancient Mayans predicted the End of Days with uncanny precision: 21 December 2012. But they also provided the key to staving off apocalypse: a flawless sapphire of incomparable beauty carved into the perfect likeness of a human skull. For more than four centuries, the skull and its legacy of dark intrigue and murder have been hidden, protected by a code few can break. Now it's about to be found.

Crystal skulls are human-skull hardstone carvings often made of clear or milky white quartz known as "rock crystal." They are allegedly pre-Columbian Mesoamerican artifacts and can be found in the permanent collections of a number of world-class museums, including the Smithsonian and the British Museum. In occult and metaphysical circles, the skulls have magical and healing qualities: Anna Mitchell-Hedges (owner of a particularly famous skull) claimed that the skull could cause visions and cure cancer and that its magical properties could be used to kill. Drunvalo Melchizedek claims in Serpent of Light that he stumbled upon descendants of the ancient Mayans who possess crystal skulls for use in religious ceremonies in Yucatan temples. Jamie Sams writes of the skulls' association with Native American mythology. In this book, best-selling occultist and crystal expert Judy Hall provides a basic primer on crystal skulls: What they are Where they are found Their role in legend and lore around the world Their uses for physical and psychic healing Also included here in this stunning introductory text is an examination of the prominent "skull keepers" of the past 100 years and examination of how to use and communicate with a crystal skull. This is a terrific introductory text for those interested in occult and ancient mysteries and/or the power of gems and crystals.

Archaeologist Laura Shepherd goes on a quest to solve the mystery behind a crystal skull found in the hand of a dead colleague.

Rachel, a naive farm woman who has led a sheltered life, partners with the alien beings that live in Mt. Shasta. Since she is the only human who the aliens trust, her mission is one of life and death for humanity. She is catapulted on a journey teeming with challenges as she travels across the United States hunting attunement crystals to repair their spaceships and ultimately, she must venture into outer space to locate and replace the crystal skulls back in the grid. If the axis shift is not corrected, and soon, every inhabitant is threatened with annihilation including the alien race who has protected humanity for hundreds of millennia.

The Travel Log series of Books is written by the Crystal Skull Explorers, Joshua Shapiro and Katrina Head. This unique series provides for you, the reader, a front row seat to join the CS Explorers on their world journeys seeking out to discover the truth related to the Mysterious Crystal Skulls and how these ancient artifacts will take our world into a "Golden Age" into the near future. Within this specific book, Travel Log #2: We follow three journeys (or excursions) made by Joshua Shapiro from 1997 - 2002, traveling to the northern part of Peru, up into the Andes Mountains (over 10,000 feet high), near the border with Ecuador, looking for a sky blue transparent two piece crystal skull that prior to this time, had constantly appeared to Joshua as a vision in his mind's eye. Joshua has called, this crystal skull, "The Blue Skull." Now furthermore, on each of these three amazing journeys into Peru that he writes about, he uses his daily journal notes written into a laptop computer to fully describe all the amazing activities and events which happen around him and his travel companions, as they go from place to place to uncover the whereabouts of "The Blue Crystal Skull." This book is not just about the crystal skulls themselves but discusses many other ancient mysteries and paranormal phenomena that show up during these travels. This is crystal skull book you must read as it is like none other you will ever fine! Joshua Shapiro & Katrina Head met in Atlanta in 2009 and are soul mates and life companions who have dedicated their lives to discover the answers to the secrets of the Crystal Skulls and share the key information and knowledge they have uncovered with the general public. In 2018, when this updated edition was re-released, they personally have over 20+ crystal skulls within their private collection with a few of their crystal skulls to believed to be quite old in their original creation. Joshua has participated in a number of TV documentaries about the crystal skulls. he has done public talks all over the world and starting in 2018, he has written his first paranormal novel (also available via Amazon) with a friend in the UK of which the crystal skulls are featured and play a key role. He believes this novel which will eventually become a trilogy of books will be made into a feature film. The Crystal Skull Explorers are still very active and continue to do their investigations and sharing on the mysterious crystal skulls as different opportunities come up for them.
