Beat the Market and Grow Your Cash Flow Without Becoming a Full-time Investor Most investment strategies are just too complicated, too risky, or too subjective. Typical investment strategies completely ignore human emotions, and making emotional investment decisions is the most common cause of losses for investors. Risky trading strategies advertised with get-rich-quick hype may create big wins for a lucky few, but most people just end up with big losses and nothing to show for all their hard work and the emotional rollercoaster they endured. Creating and maintaining real wealth through stock investing requires a long-term investment strategy that properly manages risk and prevents emotional decision-making so that you never suffer major losses. The FALCON Method is completely different than typical stock investing strategies. The reason it beats the market again and again is because it uses an evidence-based stock selection process that anyone can follow. You don't need to get lucky, take big risks, or fly by the seat of your pants in order to retire wealthy from stock investing. Successful investing requires structured decision-making based on a proven process, and that's exactly how The FALCON Method was created.

select stocks, using charting and fundamental ratios in combination to achieve a margin of safety how to manage your portfolio -- when to buy, how to build a position, when to cut losses and when to take profits. The methods are brought to life through case studies based on real investments and the sharing of insights gained from years of experience and research. This book will change the way you think about the stock market forever.

Paths to Wealth through Common Stocks contains one original concept after another, each designed to greatly improve the results of those who self-manage their investments -- while helping those who rely on professional investment advice select the right advisor for their needs. Originally written by investment legend Philip A. Fisher in 1960, this timeless classic is now reintroduced by his well-known and respected son, successful money manager Ken Fisher, in a new Foreword. Filled with in-depth insights and expert advice, Paths to Wealth through Common Stocks expands upon the innovative ideas found in Fisher's highly regarded Common Stocks and Uncommon Profits -- summarizing how worthwhile profits have been and will continue to be made through common stock ownership, and revealing why his method can increase profits while reducing risk. Many of the ideas found here may depart from conventional investment wisdom, but the impressive results produced by these concepts -- which are still relevant in today's market environment -- will quickly remind you why Philip Fisher is considered one of the greatest investment minds of our time.

“ Katharine Ashe writes with eloquence and power. ” —Lisa Kleypas “ You ’ ll be swept away by Katharine Ashe ’ s evocative writing. ” —Sabrina Jeffries Following her sensational debut novel, Swept Away by a Kiss, author Katharine Ashe was named one of the “ New Stars of Historical Romance ” by the American Library Association publication Booklist. With each new book she has proven them right—and never more so than with her novel How to be a Proper Lady. Continuing her phenomenal Falcon Club series, Ashe enchants with this tale of a woman kidnapped as a child by pirates and returned years later to her English family. She must now learn how to be a cultured lady...and to navigate the treacherous waters of love with the notorious sea captain who brought her, kicking and screaming, back to society. This is witty, emotionally rich, and wonderfully imaginative storytelling that readers of Lisa Kleypas, Eloisa James, and Johanna Lindsey will absolutely adore.

Go for the Unattainable! It's Within Your Reach. Captain William "T." Thompson's accomplishments are many: US Air Force pilot, Delta Airlines captain, lawyer, award-winning businessman, and professional speaker. But Thompson did not start out in life with any special advantages. In fact, being born and raised in segregated South Carolina meant that the difficulties he faced growing up were many. But realizing his aspiration to become a pilot and becoming the first African American from the state to be accepted into the prestigious United States Air Force Academy was just the beginning of a pattern of successes in a life that extended far beyond its origins. Thompson uses his life's challenges and his personal story to prove that we can all accomplish much more than we previously considered possible--and that we should strive for things that we have even considered unattainable. It doesn't take special gifts or talents either, the author insists. He credits his P4 System (Principles, People, Flight Plan, and Performance) as the foundation that enabled him to literally pilot his way to success and ultimately become a multimillionaire in the process. With an attractive and distinctive aviation motif, The Flight to Excellence inspires and instructs executives, entrepreneurs, and anyone with a strong desire to reach extraordinary heights on how we can each build a "Culture of Excellence" in our own professional and personal lives by applying his methodical process and concepts and our own discipline and hard work. The proof is in the captain's own successes.

Land the deals you want and develop your instincts with million-dollar negotiation techniques After selling over \$3 Billion in real estate, including the most expensive one-bedroom house in history, Josh Altman, co-star of the hit show Million-Dollar Listing Los Angeles, wants to teach you the real estate sales and negotiation tactics that have made him one of America's top agents. Buying or selling a house, whether for a client or yourself, is one of the most important (and most stressful) deals anyone can make, demanding emotional intelligence and a solid set of negotiating skills. But by mastering the same techniques that sell multi-million-dollar homes in Bel Air and Beverly Hills, you can attract buyers and close deals on any property. Josh breaks down the art of real estate into three simple parts. First, he'll help you get business in the door during the Opening. Then he takes you step-by-step through the Work: everything between the first handshake and the last. And finally, the Close, the last step that ensures all your hard work pays off as you seal the deal. Learn how to open with a prospect, work the deal, close, open, and repeat Build and market your reputation, creating more sales opportunities Develop the traits of a closer in you and your team Drive the deal forward and get the best price for your property by creating desire, scarcity, and demand Successful real estate sales are driven by the same principles, whether they happen in the Hollywood Hills or just down the street. Josh wants to put those principles, and the techniques for applying them, in your hands. Learn them and discover what you can achieve.
