Your baby at 12 weeks. Just 12 weeks after your last period, the foetus is fully formed. All the organs, muscles, limbs and bones are in place, and the sex organs are well developed. From now on, the baby has to grow and mature. It's too early for you to be able to feel the baby's movements yet, although they'll be moving quite a bit. You at 12 weeks

In the first weeks, you may notice some common early signs of pregnancy like morning sickness, tiredness, sore breasts and cramping. Although you probably don't look any different yet, your body is busy preparing for the months ahead. As soon as you know you're pregnant, it's a good idea to book your first antenatal appointment. You can arrange it directly with your local maternity unit, or speak to your GP.

The first 12 weeks.... written by Lauren. The worst part of the first trimester is that you're not supposed to tell anyone. So you suffer in silence and everyone just assumes you've morphed into a chubby, moody, greasy, acne-ridden bitch squad for no good reason. All you have is the bloke who knocked you up in the first place and that's a recipe for marital bliss right there.

Hailed as a means to transform cultural norms and change lives, violence prevention programs signal a slow-rolling policy revolution that has reached nearly two-thirds of young people in the United States today. Max A. Greenberg takes us inside the booming market for programming and onto the asphalt campuses of Los Angeles where these programs are implemented, many just one hour a week for 12 weeks. He spotlights how these ephemeral programs, built on troves of risk data, are disconnected from the lived experiences of the young people they were created to support. Going beyond the narrow stories told about at-risk youth through data and in policy, Greenberg sketches a vivid portrait of young men and women coming of age and forming relationships in a world of abiding harm and fleeting, fragmented support. At the

same time, Greenberg maps the minefield of historical and structural inequalities that program facilitators must navigate to build meaningful connections with the youth they serve. Taken together, these programs shape the stories and politics of a generation and reveal how social policy can go wrong when it ignores the lives of young people.
