Recounts how, sixteen years after the end of World War II, a team of undercover Israeli agents captured the Nazi war criminal, Adolf Eichmann, in a remote area of Argentina and brought him to trial in Israel for crimes committed during the Holocaust.

In 1945, at the end of World War II, Adolf Eichmann, the head of operations for the Nazis' Final Solution, walked into the mountains of Germany and vanished from view. Sixteen years later, an elite team of spies captured him at a bus stop in Argentina and smuggled him to Israel, resulting in one of the century's most important trials -- one that cemented the Holocaust in the public imagination. THE NAZI HUNTERS is the thrilling and fascinating story of what happened between these two events. Survivor Simon Wiesenthal opened Eichmann's case; a blind Argentinean and his teenage daughter provided crucial information. Finally, the Israeli spies --

File Type PDF The Hunters How A Team Of Spies And Survivors Captured The Worlds Most Notorious

many of whom lost family in the Holocaust -- embarked on their daring mission, recounted here in full. Based on the adult bestseller HUNTING EICHMANN, which is now in development as a major film, and illustrated with powerful photos throughout, THE NAZI HUNTERS is a can't-miss work of narrative nonfiction for middle-grade and YA readers.

Hunting Eichmann is the first complete narrative of a relentless and harrowing international manhunt. When the Allies stormed Berlin in the last days of the Third Reich, Adolf Eichmann shed his SS uniform and vanished. Following his escape from two American POW camps, his retreat into the mountains and out of Europe, and his path to an anonymous life in Buenos Aires, his pursuers are a bulldog West German prosecutor, a blind Argentinean Jew and his beautiful daughter, and a budding, ragtag spy agency called the Mossad, whose operatives have their own scores to settle (and whose rare surveillance photographs are published here for the first time). The capture of Eichmann and the efforts by Israeli agents to secret him out of Argentina to stand trial is the stunning conclusion to this thrilling historical account, told with the kind of pulse-pounding detail that rivals anything you'd find in great spy fiction.

For as long as he can remember, Ethan has envied his dad's hunting trips. His dad has always promised to bring Ethan along when he's old enough, and finally, this year is the year! But on their hunt, Ethan discovers some dead deer left in the woods. A poacher is killing the animals for fun. Ethan knows that's against the Hunter's Code, after all, he broke that rule himself.

The Hunters trilogy consists of the first three books in the award-winning Hunters series: THE HUNTERS, THE FORBIDDEN TOMB, and THE PRISONER'S GOLD. Every book in the series has hit #1 on Amazon. THE HUNTERS has been optioned for a major motion picture, and THE PRISONER'S GOLD won the ITW Thriller Award for Book of the Year. The first book in the series (THE HUNTERS) features a diverse cast of characters. Financed by a mysterious philanthropist, this elite team -- a soldier (Jack Cobb), an historian (Jasmine Park), a computer whiz (Hector Garcia), a weapons expert (Josh McNutt), and a thief (Sarah Ellis) -- was asked to locate a Romanian train filled with riches that disappeared in Russia during World War I. The collection is now valued at over \$3.5 billion. Despite several attempts to find it, its location has remained a mystery until now. The second book was called THE FORBIDDEN TOMB, and it was released in 2014. Tasked with finding the legendary tomb of Alexander the Great and the extraordinary riches that were rumored to be buried with him, the Hunters encountered hostile forces that would do anything to stop them. Before long, the treasure hunt became a deadly rescue mission with hundreds dead and a city in ruins. As the death toll continued to mount, the team was forced to rise to the challenge to find the ultimate prize. The third book in the series was called THE PRISONER'S GOLD, and it was released in 2015. At the end of the 13th century, Chinese Emperor Kublai Khan gave an Italian merchant unfettered access to his kingdom. The traveler was Marco Polo, and his journey would become legendary. Aided by a special passport that protected him throughout the land, Polo amassed unbelievable wealth and hid it before his return to Italy. Guided by firsthand accounts of Polo's travels, the Hunters quickly discovered there was a criminal empire willing to do anything to stop them from taking the riches from Chinese soil. Praise for Chris Kuzneski and THE HUNTERS series: James Patterson, #1 national bestselling author "Chris Kuzneski's writing has the same raw power as the early Stephen King." Clive Cussler, #1 national bestselling author "Chris Kuzneski writes as forcefully as his tough characters act." Nelson DeMille, #1 national bestselling author "Chris Kuzneski is a remarkable writer, who completely understands what makes for a good story: action, sex, suspense, humor, and great characters." Vince Flynn, #1 national bestselling author "Chris Kuzneski is a master in the making." James Rollins, New York Times bestselling author "Chris Kuzneski writes with an energy that is contagious! Action, suspense, mystery,

File Type PDF The Hunters How A Team Of Spies And Survivors Captured The Worlds Most Notorious

and a biting thread of humor.... What more can you ask from a novel? Steve Berry, #1 international bestselling author Kuzneski does it again with another terrific tale, filled with action and suspense, bringing the unimaginable to life. Definitely my kind of story! Scott Mariani, #1 international bestselling author THE HUNTERS kicks off a brilliant new series from Chris Kuzneski. Adventure, history, mystery, and more everything you'd want in a thriller! The Daily Mail (UK) THE HUNTERS is taut and fierce with a cast of agreeably idiosyncratic characters. It feels like the draft of a movie, and it could just be Kuzneski's breakthrough novel. It deserves to be. Herald Sun (Australia) THE HUNTERS is Mission: Impossible on steroids. The first in a new series, Kuzneski brings together a super-expert crew of renegades to track down a lost treasure, sent into hiding in 1916 and never seen again. . . It's all about the action, which never stops. Half the fun is imagining the all-star cast for the movie that was clearly in Kuzneski's mind. Final verdict: Thrill Ride.

"Describes the small group of men and women who sought out former Nazis all over the world after the Nuremberg trials, refusing to let their crimes be forgotten or allowing them to quietly live inconspicuous, normal lives."--NoveList.

NEW YORK TIMES BESTSELLER The oldest cultures in the world have mastered the art of raising happy, well-adjusted children. What can we learn from them? Hunt, Gather, Parent is full of smart ideas that I immediately wanted to force on my own kids. Pamela Druckerman, The New York Times Book Review When Dr. Michaeleen Doucleff becomes a mother, she examines the studies behind modern parenting guidance and finds the evidence frustratingly limited and often ineffective. Curious to learn about more effective parenting approaches, she visits a Maya village in the Yucatán Peninsula. There she encounters moms and dads who parent in a totally different way than we do and raise extraordinarily kind, generous, and helpful children without yelling, nagging, or issuing timeouts. What else, Doucleff wonders, are Western parents missing out on? In Hunt, Gather, Parent, Doucleff sets out with her three-year-old daughter in tow to learn and practice parenting strategies from families in three of the world's most venerable communities: Maya families in Mexico, Inuit families above the Arctic Circle, and Hadzabe families in Tanzania. She sees that these cultures don't have the same problems with children that Western parents do. Most strikingly, parents build a relationship with young children that is vastly different from the one many Western parents develop it's built on cooperation instead of control, trust instead of fear, and personalized needs instead of standardized development milestones. Maya parents are masters at raising cooperative children. Without resorting to bribes, threats, or chore charts, Maya parents rear loyal helpers by including kids in household tasks from the time they can walk. Inuit parents have developed a remarkably effective approach for teaching children emotional intelligence. When kids cry, hit, or act out, Inuit parents respond with a calm, gentle demeanor that teaches children how to settle themselves down and think before acting. Hadzabe parents are experts on raising confident, self-driven kids with a simple tool that protects children from stress and anxiety, so common now among American kids. Not only does Doucleff live with families and observe their methods firsthand, she also applies them with her own daughter, with striking results. She learns to discipline without yelling. She talks to psychologists, neuroscientists, anthropologists, and sociologists and explains how these strategies can impact children's mental health and development. Filled with practical takeaways that parents can implement immediately, Hunt, Gather, Parent helps us rethink the ways we relate to our children, and reveals a universal parenting paradigm adapted for American families.

The Secret Squad that Keeps Presidents Alive There are 7,000 agents in the Secret Service. But just twenty-four are chosen for Hawkeye CAT the president's most elite protective

File Type PDF The Hunters How A Team Of Spies And Survivors Captured The Worlds Most Notorious

squadron. Codenamed the "Hunters," these former Navy SEALs, Army Rangers, and battle-hardened Marines are trained not only to shield the president but to stalk down and neutralize would-be assassins before they strike. For decades, their existence has been so carefully concealed that most Secret Service agents have never heard of them. Until now. Hawkeye CAT is brimming with stories of terrifying near-misses, dirty bombs, poisoning attempts, and laser "death rays," offering unique glimpses of the perils that haunt America's First Families. A veteran investigative journalist, Leon Wagener has interviewed hundreds of current and former agents to bring you the exclusive story of how a band of black-suited agents became the elite protective squad that stands between the president and the unthinkable.

The sequel to the #1 bestselling thriller THE HUNTERS!!! THE TREASURE: For nearly two thousand years, the legendary tomb of Alexander the Great—and the extraordinary riches concealed within—has remained undiscovered, but recent events may hold the key to locating the fabled vault. Only one team has what it takes to solve the mystery that has plagued historians for centuries. THE MISSION: The Hunters—an elite group assembled by an enigmatic billionaire to locate the world's greatest treasures—are tasked with finding the tomb. Following clues to Alexandria, they encounter hostile forces that will do anything to stop them. Before long, the treasure hunt becomes a deadly rescue mission that will take the lives of hundreds and leave a city in ruins. THE PRIZE: As the danger continues to mount, will they rise to the challenge? Or will the team be killed before they find the ultimate prize?

Neal Bascomb, author of The Nazi Hunters, returns with his next thrilling work of narrative nonfiction about a group of Allied POWs who staged an escape for the ages during World War I.
