"Old Ladies Are Antique Little Girls", by Egretta Wells, is a gem of memories from an antique shop. Egretta, with another grandmother, opened a lively little corner antique shop in Okeechobee, Florida, where they met fascinating people from many walks of life. Often humorous, her book is full of laughable incidents, adventures, and a few misadventures of two older ladies who are really antique little girls. Egretta Wells graduated from the University of Tennessee with a BS degree in Art Education, minoring in Fine Art Painting and English. She has owned several retail businesses, while pursuing a career in painting. Egretta and another grandmother found it never too late to open a thriving and fun antique shop in a small town in Florida.

New York Times bestselling author of *The Witch's Daughter* Paula Brackston returns to her trademark blend of magic and romance guaranteed to enchant in *The Little Shop of Found Things*, the first book in a new continuing series. An antique shop haunted by a ghost. A silver treasure with an injustice in its story. An adventure to the past she'll never forget. Xanthe and her mother Flora leave London behind for a fresh start, taking over an antique shop in the historic town of Marlborough. Xanthe has always had an affinity with some of the antiques she finds. When she touches them, she can sense something of the past they come from and the stories they hold. When she has an intense connection to a beautiful silver chatelaine she has to know more. It is while she's examining the chatelaine that she's transported back to the seventeenth century where it has its origins. She discovers there is an injustice in its history. The spirit that inhabits her new home confronts her and charges her with saving her daughter's life, threatening to take Flora's if she fails. While Xanthe fights to save the girl amid the turbulent days of 1605, she meets architect Samuel Appleby. He may be the person who can help her succeed. He may also be the reason she can't bring herself to leave. The story continues in October 2019 with book two in

A Timeslip Adventure When Rachel's last remaining relative dies, she expects to inherit her London house. What she does not expect is to also inherit an Antique Shop which has not been opened in more than sixty years. She takes her friend, Peter Attwood, an archaeologist and historian to investigate the shop, but what they find is far more than a simple neglected retail store. They discover a coin minted at the time of the young King Edward V, but when they try to remove it from the shop, they step outside and into 1483, the year the coin was minted. Wanting to see the princes in the Tower and perhaps discover the truth of what happened to them, Peter persuades Rachel to dress in some of the historical clothing in the back room of the antique shop, and visit the Tower. There they watch the young King Edward V writing and when he leaves his scroll on a stone bench, Peter takes the opportunity to grab it. A journal written by one of the princes could be worth a fortune, but when they try to take it out of the shop, they find the same problem: it cannot be taken into the twenty first century. A scheme to hide the scroll in the fifteenth century and find it again in the twenty-first seems an easy option, until they are observed digging it up and accused of witchcraft.

It Happened in the Pine Barrens is a compelling saga of love, death and destiny set in the heavily forested area of coastal plain stretching across southern New Jersey. Casella's newly published book transforms this Pinelands into a center of thrilling events that arouse the curiosity and excitement of fiction fans through three riveting stories: "Snakes with Ruby Eyes," "Love and Death in the Pines" and "Closure in the Pines." Elizabeth Little. After the death of Catherine, artist mother and owner of The Little Antique Shop, Beth strangely inherits a huge amount of cash and a long list of questions about her parents' life. Stan Turner, who perseveringly pines for her love and affection, witnesses and supports Beth throughout her journey towards self-rediscovery. "Love and Death in the Pines" picks up the story from where the first tale left off. It revolves around the entwined destiny of two disparate people Dr. James Bradley, a physician and an undercover FBI agent, and Dr. Meghan Malloy, an art history professor. They met at the opening of The Pines Antique Shop. James was invited by his friend, Meghan's aunt, now proprietor of The Pines Antique Shop (previously The Little Antique Shop). Meg had created an art gallery for the shop to display the artwork of Catherine Little. Both never knew that a chance encounter would lead them to love. "Closure in the Pines" completes the trilogy in stunning fashion. James wants to resign from the FBI to work as a physician at a Veterans Administration hospital. His resignation is denied. Meghan returns to her teaching position. While finalizing some cases, Meghan suddenly disappears. A manhunt ensues. Drug trafficking and gunfight also makes this final story a perfect closing salvo. However, as one of the characters aptly put it, "There is no closure in the crime business." Creatively blending fast-paced drama, mystery and romance with the slow-paced life in Pine Barrens, Casella has successfully put the place on the map for another remarkable reason. It Happened in the Pine Barrens is a book that leaves readers deeply satisfied yet eagerly longing for answers to more questions inherent in the saga.
