Practice of Psychotherapy, volume 16 in The Collected Works, contains essays on aspects of analytical therapy, specifically the transference, abreaction, and dream analysis. There is also an additional essay, " The Realities of Practical Psychotherapy ", which was found among Jung's posthumous papers.

~~The Collected Works of C. G. Jung - Wikipedia~~

Psychotherapy has been referred to as the treatment of emotional and personality problems and disorders by psychological means. An important factor for most orientations within clinical psychology is the client-therapist relationship, with an obvious component of this relationship being the gender of the therapist and client (Gehart & Lyle, 2001).

~~The Influence of Gender on Therapy Outcomes - UK Essays~~

Art therapy is a kind of psychotherapy that use arts their main technique of communications in order to improve the emotional and mental well being of the patients. It combines the areas of human developments, visual art such as drawing, sculpture, painting and other kinds of art and the artistic process with counselling and psychotherapy.
