Cancer touches everybody's
life in one way or another.

But most of us know very
little about how the disease
works, why we treat it the
way we do, and the

Read Book The T Cancer Care Book A Survival Guide

personalities whose
dedication got us where we
are today. For fifty years,
Dr. Vincent T. DeVita Jr.
has been one of those key
players: he has held just
about every major position
in the field, and he

Read Book The T Cancer Care Book A Survival Guide

developed the first
successful chemotherapy
treatment for Hodgkin's
lymphoma, a breakthrough the
American Society of Clinical
Oncologists has called the
top research advance in half
a century of chemotherapy.

Read Book The T Cancer Care Book A Survival Guide

As one of oncology's leading figures, DeVita knows what cancer looks like from the lab bench and the bedside. The Death of Cancer is his illuminating and deeply personal look at the science and the history of one of

Read Book The T Cancer Care Book A Survival Guide

the world's most formidable diseases. In DeVita's hands, even the most complex medical concepts are comprehensible. Cowritten with DeVita's daughter, the science writer Elizabeth DeVita-Raeburn, *The Death of*

Read Book The T Cancer Care Book A Survival Guide

Cancer is also a personal tale about the false starts and major breakthroughs, the strong-willed oncologists who clashed with conservative administrators (and one another), and the courageous patients whose

Read Book The T Cancer Care Book A Survival Guide

willingness to test cutting-edge research helped those oncologists find potential treatments. An emotionally compelling and informative read, *The Death of Cancer* is also a call to arms. DeVita believes that we're well on

Read Book The T Cancer Care Book A Survival Guide

our way to curing cancer but
that there are things we
need to change in order to
get there. Mortality rates
are declining, but America's
cancer patients are still
being shortchanged—by timid
doctors, by misguided

Read Book The T Cancer Care Book A Survival Guide

national agendas, by
compromised bureaucracies,
and by a lack of access to
information about the
strengths and weaknesses of
the nation's cancer centers.
With historical depth and
authenticity, DeVita reveals

Read Book The T Cancer Care Book A Survival Guide

the true story of the fight against cancer. The Death of Cancer is an ambitious, vital book about a life-and-death subject that touches us all.

Provides information about
