Series (complete with covers) all in one massive, oversized slip-cased volume. Perfect for longtime fans, new readers, and anyone needing a heavy object with which to fend off The Walking Dead!

The Walking Dead Compendium is here! Since 2003, Robert Kirkman's The Walking Dead has been redefining the survival horror genre with its unique and vivid account of life after the end of the world. Although the cast is diverse and often changing (including, of course, a great number of zombies), at the heart of every tale is Rick Grimes: former police officer, husband, father, and de facto leader of a ragtag band of survivors looking to make a future for themselves in a world that no longer has one. To call The Walking Dead a zombie tale is accurate to a point, but it touches on only one facet of a story that asks timeless questions about what it means to live. It also asks whether or not this is possible in a world full of the dead. This is a great opportunity to experience this gripping read for the first time or catch up on the tale with the first four years worth of material, collected in one volume for the first time. The first eight volumes of this fan-favorite series collected into one massive collection. This volume collects THE WALKING DEAD #1-48.

While Rick takes the group to the Kingdom, Negan takes the opportunity to start a war.

Rick and the rest of the survivors discover the dangers of living inside the "Community" but find things much worse when the walls give way to the outside.

Read it again! It's time to revisit the historic independent series that took the entertainment world by storm 17 years ago! Follow Rick Grimes's journey again, from the very

beginning, but this time in STUNNING FULL COLOR by the masterful DAVE McCAIG. This deluxe version will feature a memorable array of variant covers commemorating major character introductions and the series' most memorable twists and turns. Each issue will include a new installment of "The Cutting Room Floor," featuring ROBERT KIRKMAN's original handwritten plots along with commentary on abandoned storylines and things that may have changed along the way. This deluxe, definitive presentation of the story in full color will NOT be collected any time soon, so these single issues will be the only way to experience this.

It always comes down to this: At any moment, a zombie could leap out of the shadows and end your life. At last, it seems like there is a cause that unites mankind to end all our petty squabbles. But no. It's never that simple. Now Rick has a gun to his head.
