The Vampire screen comes complete with a 16-page collection of classic character archetypes that may appear anywhere in your chronicle.

What are we? The Damned childer of caine? The grotesque lords of humanity? The pitiful wretches of eternal hell? We are vampires, and that is enough. I am a vampire, and that is far more than enough. I am that which must be feared, worshipped and adored. The world is mine -- now and forever. No one holds command over me. No man. No god. No prince. What is a claim of age for ones who are immortal? What is a claim of power for ones who defy death? Call your damnable hunt. We shall see whom I drag screaming to hell with me. The Vampire Storytellers Companion collects new rules, abilities and bloodlines to aid Storytellers in their task of world-building. This book and screen present new information on the less numerous Kindred of the World of Darkness, as well as an expanded weapons list and frightening Disciplines only whispered of by the Kindred of the Camarilla and Sabbat.

Gods once wielded this kind of power. Now it's ours. The forces of the universe respond to our will and we shape a world in our image. We are the celebrities, the heroes, the villains, the legends, the shining icons of our times. We are novas, and we will bring about a new golden Age... and you will like it. The Aberrant Storytellers Screen presents all the charts and tables necessary to run Aberrant, as well as additional setting information and a ready-to-run story in a 72-page book.

Includes a four-paneled screen containing useful charts and references from Dark ages: Vampire; new options for players--six new bloodlines and six new roads; a storytellers' toolkit featuring expanded rules on mass combat and systems for creating elder vampires.

Werewolf: The Apocalypse is about anger over the loss of what the shapeshifting Garou hold dearest: Gaia, the Earth itself. Corruption from without and within has caused the destruction not only of the Garou's environment, but also of their families, friends and culture, which extends in an unbroken line to the very dawn of life. No matter how righteously the Garou hold themselves, no matter how they prey on their destroyers, the corruption spreads. Now the time for reconciliation is past. This grave insult against Gaia can end in only one way: blood, betrayal... and rage. The companion for Storytellers of the revised Werewolf: The Apocalypse combines a game screen and book to further reveal the plight of the Garou in the days before the Apocalypse.

Explore the weird and wondrous nights of Dark Medieval Europe. Wander the lonely nocturnal roads in service to the vampire princes - or become one yourself. Track a unicorn for its blood, or delve into the intrigues of the Italian merchant cities. Battle Assamite killers in the Holy Land, or aid the nascent Tremere as they struggle for survival against the ancient Fiends.
