This volume, which reprints the proceedings of the New York University 53rd Annual Conference on Labour, features work that provides data to answer many of the questions that form the basis of many of the policy arguments. The contributors explore solutions to problems in the American workplace.

Sammanfattning.

This book compares the unique features of workplace mediation to other contexts of mediation, as well as the specific competences each situation requires of the mediator. It covers many important issues related to workplace mediation and discusses interventions by managers, such as conflict coaching and informal mediation. It proposes a new model to assess the effectiveness of mediation, and discusses the impact of legal systems, HRM policies, as well as power structures, and cultural differences. The book takes into account perspectives from multiple disciplines, such as management, business, psychology, law and sociology. It also discusses mediation aspects from a variety of cultural and regional contexts. The book advances knowledge about the application, process and effects of workplace mediation and includes practical tips for scholars, practitioners, mediators and managers to enhance their mediation practice or to foster constructive conflict management in organizations.

Der Band dokumentiert die Ergebnisse der dritten IAPL-MPI Post-Doctoral Summer School, die vom 1. bis 4. Juli 2018 in Luxemburg stattfand. anderen relevanten Mechanismen der Streitbeilegung befassen. Ihnen wird die Möglichkeit geboten, aktuelle Forschungsprojekte offen mit jungen Kollegen und erfahrenen Wissenschaftlern zu diskutieren. Der fruchtbare Generationenmix steht im Mittelpunkt des Projekts, das sich auf prozessualer und materieller Ebene v.a. mit nationalem Recht, der Rechtsvergleichung, dem Europa- und Völkerrecht befasst.

The Dispute Resolution Review, edited by Damian Taylor of Slaughter and May, offers a guide to those who are faced with disputes that frequently cross international boundaries. As is often the way in law, difficult and complex problems can be solved in a number of ways, and this edition demonstrates that there are many different ways to organise and operate a legal system successfully. Chapters in this book examine the dispute resolution solutions adopted across over 40 jurisdictions. The special Brexit chapter in this edition explores some of the key issues that will form part of the UK-EU negotiations likely to commence this year.

Contributors include: Spain - Angel Perez Pardo, Uria Menendez; Portugal - Mr Francisco Proenca de Carvalho, Uria Menendez; Switzerland - Daniel Eisele, Niederer Kraft & Frey AG; Germany - Dr. Henning Baelz, Hengeler and Muller. "Excellent reference book... useful to have handy when working on international and domestic contracts." - Mr Ricardo Oliveira, Senior Counsel, British American Tobacco (Holdings) Limited, UK

In recent decades, due to the strain on international tax rules caused by the substantial increase in integration of national economies and markets, there has been a growth in the number of audit activities and tax assessments carried out by national tax administrations. National bodies and international organizations have, as a result, also begun to study and develop new rules and legal frameworks for providing taxpayers with dispute resolution mechanism more effective than those currently available. Notable among these developments is EU Council Directive 2017/1852, which introduced an efficient framework for the resolution of tax disputes and constituted a giant step toward ensuring legal certainty and a business-friendly environment for investments across Europe. This practical guide to the Directive, written by eminent tax partners and tax litigation specialists from key European jurisdictions, is the first in-depth book on this topic, explaining the law and application of the new Directive in each jurisdiction. Following an introduction describing the Directive and analysing its most salient features, each individual country chapter written by a leading local expert, reports the relevant domestic implementing measures with commentary, relevant case law, and details of mutual agreement procedures (MAPs) and arbitrations. Each country chapter fully addresses key legal and practical issues such as: competent authority decision making concerning a taxpayer complaint filed under EU Council Directive 2017/1852; domestic provisions on MAP initiated under the Directive; taxpayer entitlement to request the formation of an Advisory Commission to start the arbitration phase; effective timelines; interplay of the procedures under the Directive with national legal remedies, including litigation before competent tax courts; recurring domestic issues relating to MAPs under treaties against double taxation and the EU Arbitration Convention; and opportunity for the taxpayer to involve national courts to unblock obstacles under the existing dispute resolution mechanisms. This hugely valuable practice guide clearly explains how the Directive overcomes or greatly mitigates shortcomings in laws and initiatives such as the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting (MLI), the EU Arbitration Convention, the Common Consolidated Corporate Tax Base (CCCTB) proposal, and rules to ensure that digital business activities are taxed in a fair and growth-friendly way. It demonstrates the Directive's promise of restoring legal certainty, provision of enforceable deadlines for resolution of disputes, effective review or appeal procedures, and consistency of the application of rules throughout the EU Member States, as well as taxpayers' greater participation in the process. The full picture it provides of the options available to resolve a tax dispute under the new EU framework will be welcomed by tax practitioners and officials concerned with issues of transfer pricing and other aspects of cross-border taxation.

Cross-Border for Beginners is an educational text for those opening their first business in NYC or the U.S. and leasing, purchasing or building space. Not just for lawyers, but has some good ideas for commercial brokers, facilities managers, accountants and the retail focused as well.

Das Open Justice-Konzept ist weithin als Bestandteil der Rechtsstaatlichkeit anerkannt und ist für das Funktionieren demokratischer Gesellschaften unerlässlich. Grundlegend für die Norm ist die Einbeziehung der Öffentlichkeit bei gerichtlichen Verfahren. Im Zeitalter der Informationstechnologie, digitaler Medien und der Transformation dessen, was als Öffentlichkeit definiert werden kann, stellt sich die Frage nach der Offenheit neu: Welche Rolle spielen Gerichte angesichts der zunehmenden Privatisierung von Rechtsprechung? Wie ist das Spannungsverhältnis von Offenheit und populistischer Bewegungen zu bewerten, die die Unabhängigkeit der Justiz zu untergraben drohen? Die Autorinnen und Autoren bieten neue Ansätze für Open Justice in Zeiten des Wandels.
