repairs or a complete mechanical restoration."

A portrayal of the creator of "Auntie Mame" examines how the book boosted Edward Everett Tanner III's success and fame, while his personal life was marked by extravagant spending and the emerging awareness of his homosexuality.

A cultural history of the Volkswagen Beetle as told through historical photographs, many never before published in the U.S. From the birth of the Beetle in wartime Germany through the development of the New Beetle prototype, Volkswagen Beetle: Portrait of a Legend celebrates a lighthearted, unusual view of the most successful automobile in history. This book is not a "how to identify your Beetle" book, nor is it a year-by-year charting of model changes. Rather, through other people's experiences of the car, it allows readers to recall their own fond memories of what it was really like to own a Beetle in its heyday.

The Sixers won 65 games and an NBA championship in 1982-83, still one of the finest seasons in NBA history. It was Moses Malone who, in the days before the playoffs, gave the team its battle cry. Asked by coach Billy Cunningham how he thought things would go in the playoffs, Moses said, "Fo', fo', fo'" - meaning, in Moses' shorthand, that he expected the Sixers to sweep each of the three series they would need to play in order to win a championship. In Pat Williams' Tales from the 76ers, the former Sixers general manager writes about those Sixers - the transcendent talents (and personalities like Julius Erving, Bobby Jones, Maurice Cheeks, and Andrew Toney) that made them special, the years of heartache that preceded the championship run, and a season that was surprisingly devoid of drama.
